KING FUND PLAN TO TIRE LIBERTY BONDS

VISION IS INCLUDED IN FINANCE LEGISLATION

ials of Allies Declare There no Thought of Declining to ay Back Money Borrowed om U. S.—Loans to Aid Exort Trade Provided.

(By The Associated Press)

Washington, Feb. 22.—Liberty u legislation reported to the se late today by the ways and us committee provides for establishment of a sinking f. for the retirement of govnment war bonds within twenve years, continues the war nce corporation so it may aid erican commerce, permits of her loans for the sale to forn government of equipment abroad for the United States war purposes and carries prons to stabilize the price of issues of bonds.

hairman Kitchin of the comtee announced that a report the measure would be filed ndy and that he planned to the bill before the house for sideration late Tuesday, after sage of the sundry civil approtion bill.

uick disposal of the measure lanned by administration leadfor on its passage largely deds the date of a special sesh. Failure of the senate to s the bill before adjournment rch 4, Mr. Kitchin said, probly would mean an extra sesn by April 1. Should the be passed at this session, he d he did not believe it would necessary for congress to et until about May 15.

Allies Will Pay.

The present record of executive rings by the committee on legislation made public today de official denial that the alexpected the United States to give the debts resulting from ns advanced during the war.

Officials of foreign governnts have always expressed the ention of their governments to the indebtedness and have d that they had no intention doing anything else," Albert thbone, assistant secretary of treasury in charge of its forn loan bureau told the comtee when questioned about the ns that approximate $8,500,-0,000.

"It is true," he continued, ere have been one or two sugtions made here by statesmen, holding any public office that debts should be forgiven. ere is nobody under heaven o can forgive those debts ext the congress. The treasury es not advocate and has never vocated anything but the collecn of those debts."

Letters Give Proof.

In t his connection Mr. Rathne presented two letters from French high commission offially denying that President lson had been approached by ench officials with a view to ving the United States share war expenses of the entente m the beginning of the war. Mr. Rathbone said there was thing on record in the treasury ggesting cancellation of the obations and he added:

"All the statements made by presentatives of foreign governnts—I have in mind particularthe British—have been to the ect that it would be unthinkle that their governments ould not pay their debts, they y they do not want charity; at they have borrowed the ney and intend to pay."

No change in direct legislation garding the next Liberty Loan as made by the committee in al consideration of the mease.

The sinking fund is provided direct appropriation from the easury of 2½ per cent of the gregate amount of Liberty nds and notes that will be tstanding on July 1, 1920. The mount, the committee said, was pected to be $18,000,000,000 that the first year the contriition to the fund would be 50,000,000 with that in the fure dependent on the rapidity of tirement.

Loans for Ex ort Trade

Loans for export trade by the ar finance corporation under e terms of the bill may be for a riod of five years, but no loans American exporters are permitd if private capital is available d the interest rate on such adances is fixed at not less than e per cent.

These loans limited to $1,-00,000,000 may be made within e year after proclamation of ace by the president but at the d of that time the corporation directed to begin its liquidaon. The committee adopted the commendation of Secretary lass to re-open the privilege of nverting four per cent bonds in bonds bearing 4¼ per cent terest. The secretary is authored to extend the privilege for ch a period as he may consider dvisable.

Senate Postpones Consideration of Supply Measures

WASHINGTON, Feb. 22.—Senate Democratic leaders vainly attempted late today to clear up the congestion of appropriation bills in anticipation of final adjournment of congress one week from Tuesday.

Despite their urgent plea to set aside controverted legislation blocking the regular money bills, the senate, by a close vote, decided to proceed with the oil leasing bill and postpone consideration of the supply measures.

Predictions of an extra session of congress came from both Democrats and Republicans during the discussion. Urging that the senate preceed with the appropriation bills Senator Underwood of Alabama, Democratic member of the appropriations committee told the senate that fourteen money bills awaited action with only seven working days for their disposal.

"If we are going t oscrap these supply bills all right but we ought to decide either to keep them before the senate or arrange a program of some definite form," Senator Underwood said.

Senators Shafroth of Colorado and Pittman of Nevada, Democrats agreed that an extra session was inevitable and urged action on important legislation other than the appropriation measure which they said could go over for the extra session.

Senator Smoot of Utah, Republican, also said an extra session apparently was certain because of the congestion.

HOOVER WIRES FOR CLOTHING SUPPLIES

Washington, Feb. 22.—Herbert Hoover, head of the European relief administration, has cabled the American Red Cross that an immediate supply of clothing of every kind is absolutely vital to the health and life of "millions of men, women and children freed from the German yoke."

INNER WORKINGS OF LEAGUE COMMISSION

NINETEEN MEN DRAFT CONSTITUTION IN THIRTY HOURS

Delegates Met in Col. House's Workshop — Work Done in Business-Like Way — Commission Met Ten Times in Eleven Days — President Wilson Presided at Meetings.

(By The Associated Press.)

Paris, Feb. 22—(By The A. P.)—For the first time the veil which has concealed the inner working of the commission of the peace conference which prepared the plan of the league of nations has been lifted. It is now possible to disclose at least some of the facts connected with the achievement by which nineteen men in thirty working hours wrought the plan, which, if their expectations are realized is to prevent future warfare.

The scene was in Room 351 of the Hotel de Crillon, Colonel House's workshop. It is a large and ornately decorated chamber such as is common to many Paris hotels. It has been turned into a business office. Around a big red table sat the nineteen members of the commission and behind them were seated translators, secretaries and experts.

Meet Ten Times.

In this room the commission met ten times in eleven days. The hours were iregular, as most of the commissioners were obliged frequently to interrupt the special work to attend meetings of other commissions.

No time was set for the sessions or for the termination of the day's work. Time was the secondary consideration and nobody looked at the clock.

At the outset the task was cut in half by dispensing with the tedious process of retranslation. Instead interpreters sat close behind the commissioners and in low tones translated the remarks of the speakers word by word. Much time was also saved by preparatory work, each statesman coming to the conference with well formulated and definite ideas regarding the league of nations as the result of many private conferences. The meeting were business-like to a degree. The members met on the hour greeting each other politely but shortly; took their documents out of their portfolios and proceeded immediately with the next article.

Method of Amendments.

Before each was revised a copy of the preceding day's record, as well as of all new papers relating to the subjects likely to come before them was distributed. The members proposing amendments had them typewritten and they were handed to their colleagues in advance, to insure quick action.

Extreme simplicity prevailed. Diplomatic dress disappeared with the diplomacy of the past. Business suits were worn. The members went about the matter in a common place way. There were no orations, no spinning out of technical points. Plain speaking prevailed. Stenographic reports were barred to estrain oratory and to encourage the reticent.

President Wilson presided at all meetings except one. When some of the members looked far into the future, he brought them back to the thing in hand with the remark:

"Gentlemen—I have no doubt that the next geenration will be made up of men as intelligent as you or I and I think we can trust the league to manage its own affairs."

First Meeting Feb. 1st.

The first meeting on Feb. 1st., was very brief. The President spoke a few words and presented a draft of the plan, which the commissioners agreed to use as the basis of discussion. Day after day this was criticised and amplified and on February 12, at the eighth meeting, the first reading was completed. Tho the project emerged unchanged in principle many amendments were pending. A draft committee attended to this and the American soldiers who set the type, corrected the proofs and ran the press which turned out the final draft, will treasure the letter of thanks which the president sent to them before he sailed.

The final meeting on Feb. 13 had a dramatic finish in its simplicity. The president was attending a meeting of the supreme council and Lord Robert Cecil presided over the comission. The remaining articles were passed upon. At 7:28 o'clock in the evening, Lord Robert read the twenty-sixth and last article and quietly remarked:

"Is there any objection to this article"?

He waited a moment and added:

"If not, it is adopted. Gentlemen, our work is done. The president of the United States will report our conclusions to the plenary session of the conference tomorrow."

The commissioners then left the room.

Boston, Feb. 22.—George W. Grant, owner of the Boston National League Baseball Club announced tonight that he had obtained First Baseman Walter Holke from the Cincinnati Club, giving in exchange James Smith, a utility infielder and a cash consideration.

Complete Details of Military Treaty With Germany

(By The Associated Press)

PARIS, Friday, Feb. 21.—The supreme war council has completed the main details of the military treaty which Marshal Foch will soon present to the Germans. It will be further perfected in detail at a meeting of the council Monday and then finally passed upon by the council, of the great powers on Tuesday.

This document in its terms is a permanent armistice, but in effect is a military treaty, disarming and demobilizating the German forces down to a small police basis, understood to be between five and ten divisions of ten thousand men each, with a similar naval and aerial disarmament and with the dismantlement of the frontier fortifications as well as Helgoland and the Kiel Canal.

The economic and boundary questions with Germany are left for later determination, but from the military and naval standpoint this treaty will be completely effective in terminating the war, making impossible any resumption of it. The treaty also will have the effect of releasing all the Allied troops except in the established areas to be occupied until the definitive peace treaty is signed.

This military treaty will be so effective in ending the possibility of hostilities that it is construed in some quarters as definitely ending the war, altho there may still be the technical question whether the final ending of the war does not await the signing of the final treaty of peace.

POLISH FORCES ARE STEADILY ADVANCING

WARSAW, Feb. 22.—(By the Associated Press)—The Polish forces are steadily advancing along the railway, with Grodno, Slonim, Pinsk and Lutsk as their temporary objectives. Their aim is to establish order and prepare the way forcivil government with the final intent of occupying Poland's historic frontiers. Thus far they have met with no determined resistance from the Bolshevik. The Moscow government is very bitter against the Poles, according to prisoners captured, since the failure of Poland to fall into the arms of the Bolsheviki last December, when an invasion of Poland was planned and was thwarted by the arrival of Ignace Jan Paderewski, the present Polish premier.

An indication that the Poles may meet with the firmest opposition later is seen in a general meeting of the Minsk soviets of Lithuania and those of White Russia to discuss measure of resistance. The importance of the meeting is shown by the presence of the members of the Central executive committee of the Moscow Soviet, headed by M. Sverdloff.

OBSERVE WASHINGTON BIRTHDAY ON PHONE

COBLENZ, Feb. 22.—(By the Associated Press)—Seven French geenrals were the guests of Major General Joseph T. Dickman, this evening at a Washington's birthday dinner in the mansion on the Rhine where dwells the commander of the American army of occupation.

The generals arrived in automobiles early in the afternoon and returned in the evening.

Washington's birthday was observed by the American forces thruout the occupied zone. Work at the various headquarters ceased at midday, and the afternoon was devoted to sports and other forms of recreation.

ILLICIT TRAFFIC IN LIQUOR UNDER CONTROL

DETROIT, Mich., Feb. 22—The illicit traffic in liquor across the Ohio-Michigan border is all but under control tonight according to J. Herbert Cole, a special agent of the department of justice who returned here tonight from Monroe on the state line.

County, state and federal officers are co-operating in patrolling the border armed with John Doe warrants for the search of automobiles and a blanket injunction against the use of all highways for the importation of liquor. There was a marked decrease today in the number of rum runners as a result of wholesale arrests at Monroe, Mr. Cole said.

Detroit police were stationed at all interurban and railway stations tonight with orders to take into custody all persons carrying liquor and up to a late hour several hundred had been arrested and held under the Reed amendment.

CHICAGO WINS.

Ann Arbor, Mich., Feb. 22.—Chicago defeated Michigan 5 to 22 in a Western Conference Basketball game here tonight. Neither team held much of a lead thruout the game and in the final period the Wolverines staged a rally that only lacked three points of tieing the score.

Gorgas led in the scoring for Chicago throwing three baskets from the field and making five free throws out of seven trials.

Karpus starred for Michigan.

Nine Are Killed, 75 Others Injured In Rail Wreck

(By the Associated Press)

PITTSBURGH, Feb. 22.—Nine persons are known to have been killed and 75 others inured, many fatally, when a Baltimore & Ohio railroad passenger train crashed into a double header locomotive here tonight. The accident occurred shortly after nine o'clock and at mid-night, police, firemen, railroad men and private citizens were still at work on the debris in an effort to bring out any bodies pinned in the wreckage.

According to the officials of the railroad, the double header locomotive was ordered to take a siding near Hazelwood so that the passenger train would have a clear road. The engines pulled on the siding and the officials express the opinion that one of the locomotives evidently had not pulled in far enough off the main line.

The passenger train traveling about 40 miles an hour crashed into the big engine scattering wreckage in all directions, much of the debris falling over the retaining wall to Second avenue.

Steel mill workers in the vicinity heard the crash. They dropped their work, rushed to the scene and dragged many bodies from the mass of twisted wreckage. All ambulances of the city were called, doctors and nurses rushed to the scene and firemen helped in the work of rescue.

The nine bodies which have been brought to the morgue are badly crushed. Hospitals, to which the scores of injured were removed report that many of the patients are fatally hurt.

All the victims of the accident reside in and about Pittsburgh, many of them coming from the of McKeesport, near here.

PERSHING SPEAKS AT BANQUET IN PARIS

With Others American General Pays Tribute to Washington—Praise for U. S. Soldiers.

Paris, Feb. 22.—(By The Associated Press.)—General Pershing, Herbert Hoover, Ambassador W. G. Sharp and Admiral William S. Benson, were speakers today at the annual luncheon in honor of Washington's birthday given by the American club of Paris at the Palains d'Orsay.

Responding to the toast to the American army, General Pershing expressed his thanks to the American people for the support they had given to the expeditionary forces.

"Whether keeping lonely vigil in the trenches, whether attacking machine gun nests or performing the drudgery of the rear or supplying the front line each man has done his duty," said General Pershing, "and he has felt that he had behind him the support of the whole country. By his courage, indomitable will, his splendid tenacity, the American soldier has turned impending defeat into overwhelming victory. I drink to the American soldier, than whom there is no better in the world today. Long live the American soldier!"

Ambassador Sharp briefly reviewed his four years in Paris.

The question confronting the world today, said the ambassador was to arrive at a state of good will, friendship and international comity, which the American soldiers had been fighting for.

REIGN OF TERROR RAGING IN GERMANY

GENEVA, Feb. 22.—(By the Associated Press)—Further disorders, and even civil war are feared, as the municipal population is greatly excited and indignant over the assassination of Kurt Eisner, who was generally loved and respected, and considered the founder of the German revolution. Red flags on all public buildings have been lowered in respect for his memory. Revolutionary groups, according to advices from Munich have occupied all the newspaper officies and post and telegraph offices and a counter revolution may be set afoot not only in Bavaria but thruout Germany, which is encouraged by Spartacans and Bolshevists. The Vienna Fremdenbladt displaying much anxiety says that owing to the menacing situation in Germany allies "must hasten to arrange peace on moderate terms to preserve calm and order in central Europe. Other Austro-German newspapers ask whether the allied armies will be forced to intervene.

URGED TO LOOK AFTER ALBANIAN SITUATION.

Pittsburgh, Feb. 22—President Wilson and George Clemenceau, the French premier are urged in a resolution adopted here today by the Albanian national party and the Albanian federation Vatar, to place before the peace conference claims of Albania. Copies of the resolution were sent to the premier and the president. Approximately 500 members of the party of federation from all parts of the United States, attended the session here.

STRONG APPEALS FOR FREEDOM OF IRELAND

CONVENTION ASKS THAT THE TROOPS BE WITHDRAWN

Rule of Self-Determination for Small Nations Applied to Emerald Isle—Sharp Criticism for England.

(By The Associated Press)

Philadelphia, Feb. 22.—Eloquent appeals for the freedom of Ireland and bitter arraignment of England marked the opening sessions today of the convention of the Irish race. The convention which is being held under the auspices of the Friends of Irish Freedom sent a cablegram to Cardinal Mercier of Belgium thanking him for his contribution to the cause of world freedom and onother to Edward de Valeria of the provincial government of Ireland, explaining the purposes of the meeting, which was called to demand for Ireland the right of self-determination.

All the speakers including uJstice Daniel Coahlin of the New York supreme court, the Very Rev. Peter E. Mageness of New York, president of the Friends of Irish Freedom; Representative Thomas Gallagher of Illinois and the Rev. Francis McCabe, president of DePauw University emphasized the right of the Irish to liberty.

Want Promises Made Good.

"The time to plead is gone for ever," declared Dr. McCabe. "We want promises of Irish freedom fulfilled. We demand that military forces be withdrawn from Ireland so that the strain of the present may be taken away. Self-determination for small nations promised to the parents who gave up their sons in the war must be applied to Ireland. We must not ask for the fulfillment of this promise. We must demand it. With all due respect to the fighting qualities of other nations, America won the war and now we have a right to demand that the president and congress keep faith with those who died."

Hopes to See U. S. Merchant Marine In all World Ports

CHICAGO, Feb. 22.—An American merchant marine carrying the American flag into every port of the world is the accomplishment of Edward N. Hurley, chairman of the shipping board, hopes to see realized thru the combined efforts of all lines of business he told the members of the Illinois Manufactures' Association. A thorely domestic exchange of views is Mr. Hurley's scheme for laying the basis of the necessary legislation.

The shipping board has asked the United States Chamber of Commerce to call a national conference of business, banking, shipping and labor interests and have their experts prepare a number of plans for the new merchant marine, Mr. Hurley explained. The shipping board will supply data, both foreign and domestic covering routes, cost, fuel supply and general facilities. The drafted plans will be submitted to the American Bankers' Association, the National Grange, the Railroad Administration, mining and other interests and after full discussion by smaller units and the members in general final reports will be returned to the United States Chamber of Commerce which will submit all its information to congress.

PRESIDENT AND PARTY NEARING HOME PORT

Expect to Anchor at Late Hour Tonight — Presidential Salute in Honor of Washington's Birthday.

On Board the U. S. S. George Washington, Feb. 22.—(By Wireless to The Associated Press.)—The George Washington at noon today was only five hundred miles from Boston and making such good time that she probably will anchor some time late Sunday night.

The presidential party will remain on board, however, not landing until Monday forenoon after breakfast, and in time to get into the city about noon.

The president has not prepared his Boston speech in advance but it seems assured that he will speak very briefly.

Today was given over aboard ship to the celebration of Washington's birthday. At noon a presidential salute of twenty one guns was fired in honor of the first president, for which the president and all his party came on deck. They remained to witness the sailors' sports, of which there were many.

LIBERTY LOAN POSTERS IN GERMANY

Washington, Feb. 22.—Posters advertising the "Victory Liberty Loan" will be displayed in all German territory occupied by the American troops. LEAGUE OF NATIONS DEBATE TO CONTINUE

TO HAVE CENTER OF STAGE UNTIL CONGRESS ADJOURNS

Senator Reed Charges League Violates American Constitution —Lodge, Knox and Lewis to Be Heard Soon—Lord Cecil in Defense of Allied Plan.

(By The Associated Press)

Washington, Feb. 22.—The senate will debate the proposed league of nations almost continuously until final adjournment March 4.

Senators began announcing their intention to speak immediately after Senator Reed, of Missouri, Democrat hand concluded a two hour address today in which he attacked the league's constitution declaring it meant abdication of American sovereignty, violated the federal constitution and would involve the United States in all foreign entanglements.

Senator Lewis of Illinois, the Democratic whip will reply Monday to Senators Poindexter and Borah with a defense of President Wilson's stand on the league and it was indicated that other senators not members of the foreign relations committee would express their views in advance of the white house conference Wednesday night at which the president will discuss the document with the foreign affairs committees of the two houses.

Lodge and Knox to Speak.

Senator Lodge, the Republican leader and Senator Knox, of Pennsylvania, both members of the foreign relations committee gave notice that they would speak after they had heard the president, Senator Lodge on Friday and Senator Knox Saturday.

Senator Owen of Oklahoma, Democrat, announced that he would speak Wednesday, while Senator Hitchcock of Nebraska, chairman of the foreign relations committee will defer his address until the end of the week.

When Washington's farewell address was read in the house Republican members and a number of Democrats joined in applauding references to America's foreign policy.

Before Senator Reed spoke, statements of former President Taft in support of the league caused a lively clash, in which Mr. Taft was criticised by Senator Sherman of Illinois, Republican, and defended by Senators Ashurst of Arizona; McKellar, of Tennessee, and Thomas, of Colorado, Democrats.

The Democratic senators charged Mr. Sherman with having reflected upon the former president, whom they highly praised.

Lord Cecil Defends League.

London, Feb. 22.—Lord Robert Cecil in an interview with Reuter's Limited, before his return to Paris to attend the sessions of the peace conference admitted that it was absurd to suggest that the mere signing of the league of nations covenant would then and there produce a millnenium, but if given a fair chance he said it would certainly produce a better international atmosphere.

"If you can get into the heads of those who direct the affairs of nations that war is the worst possible way of settling international disputes you will have made a great advance," he continued. "Once you have impressed the world with the fact that war is stupid—stupid and barberous—you will have gone far to create the feeling of security that will render disarmament possible. The unanimity of the conference makes it certain that the league will be established as soon as the peace preliminaries are signed.

"The league will comprise not only the allies but all neutral nations with a stable government that care to join it. Almost everything except the seat of the league has been decided and no difficulty need be anticipated regarding the fact that the decisions of the league will, generally speaking, only be binding if animously arrived at.

"The league is an eminently practical scheme that will minimize the danger of a repetition of what we endured during the past four and one half years."

GENERAL WOOD SPEAKS IN CHICAGO

Chicago, Feb. 22.—Major General Leonard Wood in a Washington's birthday address today appealed to "good citizens" to look after the interests of returning soldiers. He said many soldiers and sailors could not be blamed for feeling bitter when they were unable to find work. Some, he said, had actually been reduced to beggary.

"The lowest type of person is the man or woman who preys upon the returning soldier or sailor and robs or swindles him out of whatever he has."

HEALTH SUNDAY.

This is health Sunday in accordance with the request of Surgeon General Blue, and it will be observed in many of the churches thruout the country. Pastors have been asked to have sermons dealing with this big question. Handled in the way that the government has taken hold of the subject of general health, it is a difficult one for pulpit discussion. Vice and social diseases in their relation to public health need both discussion and action, but from a church pulpit standpoint it must be puzzling to pastors to know just where to begin and where to end.

IOWA PROPOSES REAL MONEY FOR SOLDIERS.

An Iowa legislator has come forward with still another plan to make things comfortable for returned soldiers. The bill he advocates proposes that the state of Iowa shall lend to each soldier the sum of $2,000 to be invested in a home, payments to run thru a long period of years so that the refunding of the whole amount would be just like "paying rent." It is really an amortization plan with patriotic purpose. The proposition if adopted would be made possible by the levying of a one mill tax. This plan has the advantage over that which proposes the reclaiming of land in that the funds could be made almost immediately available.

GILLETT GAINS STRENGTH IN SPEAKERSHIP CONTEST.

Congressman Gillett of Massachusetts is attracting special notice now as a formidable candidate for speaker of the next house of representatives. The Republican caucus is to be held this week and Congressman Gillett is said to now have the advantage of Congressman Mann of Illinois. Until a few days ago it was a three cornered contest and Congressman Fess withdrew and the votes favorable to him seemingly have gone to Congressman Gillett.

Senator Lodge and Chairman Hayes of the Republican national committee are said to be using their influence for Gillett and that influence is such that it counts for a great deal in the party line up. In the work in which he has been prominent in congress Mr. Mann has naturally acquired some enemies and they are not all outside his own state. His attitude on all questions relating to liquor has not served to strengthen his position.

A CHURCH WITH TOO MUCH MONEY.

The Baptist church at Ranger, Texas, has had an experience the past year which is of a kind to try their souls. The troubles have not been of the usual church kind, for theirs has been the settlement of a question of doing the right thing with a surplus of money. It happened that oil was struck near the church property and a company secured the right to put down a test hole in the church yard.

A gusher was the result and the little Baptist church has received $2,600 in royalties in the last six months. There are only 29 members of this church and that they are steadfast in the faith is indicated by the fact that thus far nearly all the money received has been expended for Baptist schools and institutions in need of funds. Still another big question came to the trustees when a corporation offered a million dollars for the land occupied by the church as a cemetery. The offer has been thus far refused. The Baptist brethren at Ranger are having sensations that will make the rest of the church world somewhat jealous.

Mayor H. J. Rodgers can properly be classed as a real optimist. The other day when he fractured his arm cranking his car—and it was a bad fracture—he said: "Well, I am glad I didn't break both wrists."

THE NO SALARY PLAN.

There is something of fallacy in the argument of a second ward candidate for alderman that it is not democratic or fair for city officers to serve without pay. He maintains that this doesn't give a poor man a chance, and that the idea of service without pay it un-American. If one's idea of office holding is private gain the argument is well founded. Otherwise the public official who gives the most service for the least pay is making a real contribution to his community, and there is nothing undemocratic or un-American about it.

If some wealthy citizen were to give the city a park, a library, or a monument nobody would be likely to enter a protest. Nevertheless, a poor man is debarred from making such a contribution. It will be a great day for democratic government when the ideal of all office holders becomes "What can I give?" rather than "What can I get?"

THE WATER SUPPLY PROJECT.

The statement by the joint committee of citizens and officials on water supply makes clear the difficulties which the committee has encountered, and also shows that real progress has been made with the project. What must still be done is also explained and the committee emphasized the fact that the reservoir plan can be successfully completed if there is loyal and unified support from the people.

It is superfluous to attempt any argument in favor of securing a water supply for it is so patent that this is the city's greatest need. The committee is acting wisely in proceeding to prepare for receiving bids on the work of construction. Nobody is better aware than the committee members that the city is not now in position to proceed with the work, but the completing of certain details now may avoid long delays hereafter in getting the construction work actually under way. The joint committee is not seeking to prevent the next city council from responsibility in connection with the water supply project. There is plenty of work and plenty of responsibility for the present council, the next council and all citizens to share.

A BANKER'S ADVICE.

In an article published some time ago D. R. Forgan, Chicago banker, quoted a report of the postmaster general as proof that the people of this country annually invest at least $100,000,000 in fake enterprises. Mr. Forgan went on to say that all of this money could be saved if American people would conquer the hope of growing rich quickly thru investments and also if they would consult their bankers before investing in stocks, bonds and other securities. Every banker, he said, who is at all worthy of confidence, can give dependable advice along this line. When the individuals lose money thru rash investments they usually apply to the banker to come to their rescue. The only trouble is that the financial advice is not sought early enough.

No doubt it was this same line of reasoning that led so many citizens of Jacksonville to earnestly request a Jacksonville banker to become a candidate for mayor in the next election. When a business man is in financial distress he seeks the advice of a banker, a financial man. Why shouldn't the same rule apply to a city, for a city is, after all, only a large group of individuals.

Baptist Sunday School Class Gave Play.

The Sunday school class of Mrs. L. B. Turner gave a missionary play, "G. B. B's at Work," in the church parlors last Thursday evening. The play was given in the church parlors with the primary department used as a stage and dressing rooms. The play was staged under the direction of Miss Wilma McCurley and Mrs. Turner.

Tho the weather was disagreeable there was a good crowd and they showed appreciation of the effort which was given for the Huddleston Orphanage and Sunday School building fund. There also was a candy and popcorn sale and Miss Morgan's class assisted in this.

Those taking part in the play were: Helen Ellis, Helen Turner, Jean LaRue, Charlotte Hull, Wilma McCurley, Ruth Fuller, Vada Miskell, Carol Lander, Mrs. L. B. Turner, Dorothy Green.

They were assisted by Eleanor Soldt, Eileen Rabjohns, Theodica Griffin, Gladys Hurst, Grace Burrus, Helen Hamm, and Harion Moses furnished musical numbers.

Centenary Aid Gave Social.

The February division of the Ladies Aid Society of Centenary church gave a Washington's Birthday social in the church parlors Friday evening which was largely attended. A program of unusual merit was given by young women from Illinois Woman's College. It follows:

Voice, Japanese Maiden — Helen Massie.
Reading, The Absent Guest—Mary Forsythe.
Voice, The Little Brown Owl—Mona Ramsey.
Readings—
(a) The Discouraged Kindergartner.
(b) A Damper of Discipline. — Dorothy Railey.

Following the program each guest was given a fourth of a picture with instructions to find the other pieces. After the groups had been thus formed each group was given the names of twenty magazines to guess. This contest caused much merriment. The winner was given a box of candy.

Refreshments were then served and each was given a silk flag as a souvenir. Flags and bunting were used effectively in the decorations.

The affair wos given under the direction of Mrs. Walter Rabjohns, who was assisted by the following ladies: Mrs. Anna Brown, Mrs. Eckert Hoffmann, Mrs. Harrison, Miss Mercy Jackson, Mrs. Homer Rowland, Mrs. Fred Munson, Mrs. E. C. Ross, Miss Magie Baxter, Miss Elizabeth Alexander, Mrs. Alvin McDonald, Mrs. H. H. Stevenson, Mrs. Phillips, Mrs. Hoover and Mrs. Fuhr.

WASHDAY

I'm glad when washday's gone and ended, for then the rules are all suspended, the house is upside down; I breathe a lot of hectic curses, as I sit round composing verses, in my pink dressing gown. I see the womenfolk, embattled, all tired, distraught and rattled; my aunt comes pawing round; "What luck; What luck! We're out of bluing! Go, hump yourself, be up and doing, and bring us half a pound!" I hear the loud domestic shrieking,, "Oh, Caesar's ghost! The boiler's leaking, the water's all run out!" And I must do some punk repairing, and while I do it I am swearing, for I'm bunged up with gout. At noon I have to eat cold pottage, for no one round the steaming cottage has time to cook a meal; there's no hot coffee in the shanty—and it would take the pen of Dante to tell how tough I feel. All day I see the women sloshing around the soily weekday washing, up to their ears in suds; all day they toil around like dingers, and feed into the jaws of wringers the aromatic duds. And then at night they're are all so weary, I look in vain for glances cheery, I see no cheerful grin; they're taking headache pills nad potions and I remark with wild emotions, "Oh, washday is a sin!"

WASHINGTOON PROGRAM AT BUSINESS COLLEGE

A program in honor of Washington's birthday was carried out at the Brown's Business college Friday afternoon, and proved an interesting one for all. A patriotic address was made by Dr. F. M. Rule and a special musical program was given. One of the pleasing musican numbers was a quartet number given by Misses Floreca Short, Anne Tessel, Bernice Wheeler and Eloise King. A duet, "America, My Country" was given by Messrs. Willard Wesner and Robert Shoemaker.

FUNERAL NOTICE.

Funeral services for Mrs. B. F. Chrisman will be held from the M. E. church in Merritt at 1:30 o'clock this afternoon instead of 1 o'clock as previously announced. The services will be in charge of the Rev. C. G. Cantrell.

FRED ROSS HEARD FROM.

John Ross residing east of the city was pleased yesterday to receive two cards from his son Fred now in France. The young man said they were in Paris at the time all well and enjoying themselves immensely They expected to see the south part of France before returning home.

ATTENTION, CONGREGATIONAL BROTHERHOOD

The brotherhood of the Congregational church are requested to meet in the audience room after the lecture this evening. Important matter to come up and a full attendance is desired.

TIRE STOLEN FROM CAR

Commissioner Vasconcellos met with hard luck one night recently when he left his automobile near Northminster church. He had an extra tire with cover attached to the car and after the church service he found it had been stolen. Thus far there is no trace of the guilty person. Mr. Vasconcellos said yesterday that he didn't resent this action nearly so much as he did when someone tried to steal his reputation. All men who hold public office are very apt to find efforts along this line from time to time.

CAMP FIRE GIRLS ENJOYED PICNIC

The [illegible] Camp Fire Girls enjoyed an [illegible] at the Congregational church Saturday evening. After supper some time was spent with games and the evening was one of special pleasure. Mrs. F. The Opening Session.

The Knights of Pythias opened their three days ceremonial session Saturday morning at 10:30 o'clock with a large and enthusiastic company present at the sessions thruout the day. The session was opened by Favorite lodge No. 376, with George W. Gerlach as C. C., presiding. A school of instruction was conducted by L. B. Turner, and the secret work in the three ranks was exemplified by George Gerlach and Frank Bracewell.

Among the visitors present for the day were Bro. Knight Frank Shepherd, of Corvallis, Ore., and members of the degree team of Worcester lodge No. 113, Roodhouse. The hall was tastefully decorated for the occasion with lodge banners and flags and with potted plants. A service flag was displayed containing 60 stars and one gold star, the latter representing Alfred E. Smith.

At 12 o'clock adjournment was taken until 1:30 o'clock, and an excellent luncheon was served under direction of a committee composed of Charles Rataichak, J. H. Hall, A. R. Taylor, L. O. Vaught and Oran Cook.

Ranks Were Conferred.

At the afternoon session the first rank was conferred by Favorite lodge on seven candidates, and following this the second rank was conferred by Jacksonville lodge No. 152 on the same candidates. The candidates for No. 376 were James E. Bentley, John Doves and Mason Rowe. Those for No. 152 were Roy Conlee, Roland E. Kiel, Otis A. Ervin and Wilbert J. Hauck. Thomas Calley, Samuel Green and Howard B. Pattillo were given the third rank.

An especially enoyable feature of the day was the banquet served at 6 o'clock to a large number of lodge members and visitors. While this was being served a number of musical selections were furnished by a troupe from the Rialto theatre. At the 7:30 session the address of welcome was given by John J. Reeve. A message of condolence was sent to the family of Henry P. Caldwell, of Chicago, G. K. of R. and S. for the past forty-one years. The rank of knight was conferred in a fine manner by the team from Worcester lodge No. 113, Roodhouse, under management of George Bundy. This rank was conferred upon the seven candidates who received the first and second ranks at the afternoon session. George Gerlach and A. J. Donovan were at the pianos thruout the entire degree work. A number of fine selections were given by Charles Godfrey on an Edison graphophone furnished by Brady Bros.

ILLINOIS COLLEGE DEFEATED CRESCENTS

Won Game From Mt. Sterling Inpedendent Team by Score of 23 to 22—Cully Stars.

Illinois college defeated the Mt. Sterling Crescents, an independent team in David Prince Gym Saturday night by a score of 23 to 22. The game was close and exciting thruout and was not decided until the last whistle sounded.

Illinois college was minus the services of Capt. Edward Tomlinson, center. While Lenington and Swain did well at the position they were playing against a man of several years experience. Had Tomlinson been in the game it is probable he would have played his man better and in addition would have been good for several baskets.

The bright particular star was Cully, who scored 17 points for Illinois. Andrew and Mutch did good work at guarding.

For the Crescents Manny scored most of the points, getting six baskets and two free throws.

In the curtain raiser the Illinois seconds won from Murrayville by a score of 17 to 6. Harney played the first half with the seconds and then went in on the varsity. He did good work in both games. The scores:

THE WATER QUESTION.

Some reasons why this whole question should be left for the new council to carry out as they will constitute the city government during the whole time of the building of the works. And as the present council has been two years on the job and so far has practically done nothing and now in the last days of their administration, want to let contracts.

Those options that expire March first can easily be renewed and the only actual surveys made in the last four years were by the Jacksonville Engineering Co., whose report with map I have before me dated March 31, 1917, and shows the same levels and acres covered by the proposed dam of 14 feet at spillway as a survey made for the water commissioners 30 years ago. The report reads:

Acres covered, 102.
Capacity 180,000,000 gallons.
Land taken for Reservoir and Right of Way cost $27,000.
Damage to land not taken $10,-0000.
Concrete Spillway $8,000.
Earth Dam with Concrete Core Wall, $10,000.
Gate House, Valves and Piping, $2,000.
Repairs of Roads and Cleaning of Reservoir, $3,800.
Administration, $3,648.
Making a total cost of $64,448.

This is a liberal estimate. It does not include the filter. A good one could be placed there for $3,000. And that contract with the State to pay them $300 per year as rent when this reservoir is built for the benefit of the State as much as it is for the city. The State has given the use of the ground since the city built the works. Every one is in favor of a large supply of filtered water from a plant built on the proposed site and are willing to pay for it, but in the present lean state of the City finances let us leave off the frills, and as this council has shown such poor ability to direct the city.

do one wise thing than can be remembered—turn over everything as it is at present and not commit any more blunders.

LAND SELLS WELL.

Land in Morgan county seems to be good property at present. Everett Pennell sold a farm in the southeast part of the county at $110 an acre. It is timber land and pretty well worn at that. Other farms in that vicinity have sold wonderfully well. Several have brought $100 and upward an acre and the same ones sold a year or two ago for ten to twenty dollars an acre less.

AUTOMOBILES SUPPLIES ACCESSORIES

Skinner

211 South Sandy St. Illinois Phone 1262

WE BELIEVE:

That most auto owners appreciate suggestions that will lessen their running expenses.

That's what we are trying to do—help you keep down the expense.

To that class which burns up the road, don't care for expense, this advertisement is not written. However, ten years in the game has shown us that the owners who kick on their repair bills are usually the ones who belong to this clags, and many of them can't afford a wheel barrow, much less an automobile.

Here are some figures that will give you an idea of the cost of operating an auto; the expense must be figured in miles, not in time.

The owner of a medium size touring car can, with careful driving, get 15 miles on a gallon of gas; 5000 miles on a set of tires, 400 miles on a gallon of oil; cost of gasoline $76.82, oil $12.50, tires $140.00. We will add $20.68 for incidentals, making $250.00 for 5000 miles, or 5c per mile. This is less than most people pay.

Now, if you add the cost of depreciation it will figure about like this: 4 years, running 20,000 miles, cost of car $1500, sell at junk price, it will cost approximately 7c a mile. Add to your 5c, making 12c per mile.

It costs the average owner 18c to 20c.

Yours truly, JACK.

THOUSANDS TO JOIN NO BEER, NO WORK STRIKE

NEW YORK, Feb. 22.—Edward Hannah, president of the New York Central Federated Union announced tonight that he had received telegrams from labor leaders in cities thruout the country approving the action of nearly 200,000 New York union workers in voting strikes, effective on July 1, to enforce the "no beer—no work" slogan and pledging similar action in the near future. Some of the cities, Mr. Hannah said, were Los Angeles, Cincinnati, Seattle, San Francisco, Chicago, Dayton, St. Louis, Kansas City and Milwaukee.

Mr. Hannah added that about 150000 more union men in New York City would vote on the "no beer—no work" movement this week.

NINETEEN MEXICAN BANDITS EXECUTED

BROWNSVILLE, Texas, Feb. 22.—Nineteen men have been summarily executed by the state police of the Mexican state of Tamaulipas, in a campaign to end banditry along the Lower Texas, Mexican border according to reliable information in Matamoros tonight. The state police was recently organized along the lines of the Texas ranger force and is said to be comprised of men from interior Mexico who have no family connections along the border. The police have been supplied with the names of "bad men" and their method, it is said, is to enter the home of the man wanted, identify him and if he is unable to give a plausible explanation of his means of livelihood, to immediately execute him either by shooting or hanging him.

MUST ANSWER UNDER MANN ACT

Dubuque, Iowa, Feb. 22.—James Monroe, alias Love, alias Darling, now in the Cook County jail, Chicago, Ill., will be brought to Dubuque at once on a charge of Mann Act violation, according to United States District Attorney F. A. O'Connor, of Dubuque.

O'Connor has learned that charges of desertion from the army have been dropped by military authorities and that the Iowa charges can be pushed. Monroe, or Love as he was known here, took a young married woman from here into Illinois and on to Cedar Rapids where they registered as man and wife. He then went to Rock Island, Ill., where he confessed to killing a Chicago woman by running her down in his automobile.

He is thought to be mentally unbalanced.

APPLY FOR INSURANCE POLICIES

Chicago, Feb. 22—Applications for insurance policies of $50,000 each for Jess Willard, world's champion heavy weight pugilist, Jack Dempsey, challenger for the title, and Tex Rickard, promoter of the bout for next July 4, are under consideration by Lloyds in London, it was learned today. Rickard will pay the premiums on the total of $150,000 of a contract insurance to safeguard himself against possible financial loss.

WOMEN EVERYWHERE!

Praise Lydia E. Pinkham's Vegetable Compound as the Greatest Remedy for Woman's Ills.

New Haven, Conn.—"For two years I suffered with a female weakness, pains in my back and painful periods, and I was so weak and tired that I was not able to do my work. A friend told me to use Lydia E. Pinkham's Vegetable Compound and it gave me great relief. My pains left me and I am now able to do my work and feel fine. You can publish my testimonial and if your Vegetable Compound does others as much good as it has me I will be very much pleased."—Mrs. CHARLES E. MORGAN, 37 Sea Street, New Haven, Conn.

The reason Lydia E. Pinkham's Vegetable Compound is so successful is because it contains the curative, strengthening properties of good old fashioned roots and herbs, which act directly on the female organism.

There are women everywhere who long for children in their homes yet are denied this happiness on account of some functional disorder which in most cases would readily yield to Lydia E. Pinkham's Vegetable Compound.

Such women should not give up hope until they have given this wonderful medicine a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 40 years' experience is at your service.

REPORT PART PLAYED BY AMERICAN GUNS

WASHINGTON, Feb. 22.—The part played by American naval guns in the fighting on the Western Front during the closing days of the war is told in a report made to the navy department by Rear-Admiral Charles P. Plunkett who commanded the batteries. The report made public tonight gives a chronological account of the operation of the big 14-inch calibre guns.

Admiral Plunkett explained that the last round fired by the guns was timed by devices used by the gunner so that it landed within the Germans lines exactly one minute before 11 o'clock on Nov. 11, at which hour firing ceased. The batteries cost $2,689,870, and with 2,400 projectiles the total outlay was $3,337,970, or less than the cost of two destroyers. The guns at an elevation of 45 degrees could be fired from the railroad mounts 24.4 miles.

ORGANIZE FRATERNAL CONGRESS

Chicago, Feb. 22.—The American Fraternal Congress was organized today by representatives of fraternal insurance societies with an aggregate membership of 3,800,000, it was announced. A. R. Talbott of Lincoln, Neb., head of the Modern Woodmen of America, was chosen president, and John Notley of Fulton, Ill., of the Mystic Workers of the world, secretary.

MOUNT VERNON SAILS FOR BREST

Boston, Feb. 22.—The transport Mount Vernon, formerly the German Liner Kronprinzessin Cecile, sailed for Brest today on her first voyage since the completion of extensive repairs at the navy yard here. The Mount Vernon was torpedoed off the French coast last September but was able to put back to Brest for temporary repairs after which the steamer was sent here.

Sailing on the Mount Vernon were several hundred seamen who will man German liners to be turned over to the United States for use as transports.

SOLDIERS ON LEAVE

Coblenz, Feb. 22.—(By the Associated Press).—The first special leave train will depart from Coblenz for recreation centers in France Sunday night, carrying a thousand enlisted men of the American third army. The soldiers will be permitted to spend a week in Annency and Aix-les-Bains, where various welfare organizations have prepared their entertainment, consisting of vaudeville, sight-seeing trips and sports.

BATTLESHIP GEORGIA ARRIVED SATURDAY

Newport News, Va., Feb. 22.—The Battleship Georgia, several days overdue because of rough weather, arrived here today from France with more than 1,000 officers and men who will land tomorrow. The ship brought home the 161st infantry regiment "Sunset Division" and two New York casual companies.

SUBMIT PROPOSAL FOR GENERAL STRIKE

Portland, Ore., Feb. 22.—The Pacific Coast Metal Trades District Council voted late today to submit a proposal for a general strike. Sentiment among the delegates was that a negative result on the proposed vote was likely. This information while unofficial was given by a source close to the situation.

LOW PAY CAUSES INEFFICIENCY

Chicago, Feb. 22.—Low pay of teachers is chiefly responsible for inefficiency among the personnal of teaching staffs, according to speakers today at the convention of the national council of state normal school presidents and principals. In connection with salaries, Dwight Waldo of Kalamazoo, Mich., urged establishment of normal school scholarships. Thomas W. Butcher of Emporia, Kans., was elected president of the council and W. C. Cooper of Mankato, Minn., secretary and treasurer.

DESTROYERS JOIN PRESIDENTIAL SHIP

Boston, Feb. 22.—The following despatch was received by radio from the George Washington by the naval communication bureau here late tonight:

"Boston escort six destroyers have joined. North Carolina has parted company and is proceeding New York."

HEATED DEBATE

Burlington, Ia., Feb. 22.—After a heated debate between Frank G. Odell of Omaha, secretary of the farm land bank and E. D. Chassell, of Chicago, secretary of the farm mortgage bankers association during the session of Group 11, Iowa Bankers' association here tonight the convention passed resolutions urging the section of the farm loan act covering tax exemption be repealed. The resolution was telegraphed to Secretary Glass and members of the Iowa delegation in congress. Two hundred and ninety-four bankers were in convention here, passing the resolution by a rising vote.

WISCONSIN LOSES TO NORTHWESTERN

Chicago, Feb. 22.—Northwestern defeated Wisconsin 32 to 23 in a western conference basketball game at Evanston tonight. Wisconsin outplayed Northwestern in the second half but could not overcome the handicap of the 20 to 7 score at the end of the first half.

DR. SNEDDEN RE-ELECTED

St. Louis, Mo., Feb. 22.—Dr. David Sneddin, president of the Teachers' College, Columbia University, New York, was re-elected president of the National Society of Vocational Education at the close of the twelfth annual convention tonight.

DAVID R. FORGAN WILL BE CITY VISITOR

Prominent Chicago Banker Is a Scotchman By Birth—Long Interested In Financial Affairs.

Jacksonville will have the honor today of entertaining Mr. D. R. Forgan, widely known Chicago banker. He will make the address at the community forum at the Congregational church tonight. Mr. Forgan is president of the National City Bank of Chicago and has the deserved reputation of being one of the strong financial men of the west.

Mr. Forgan was born in St. Andrew's, Scotland, and came to Halifax, Nova Scotia, in 1880. Altho a mere lad then he had previously served several years as messenger in a Clydesdale bank in Scotland. In the country of his adoption he made rapid advances thru bank positions in Halifax, Duluth, Minneapolis, until he went to Chicago in 1896. Two years later he became president of the Union National bank of Chicago, which was later merged into the First National bank of Chicago, and of which his brother, James P. Forgan, is the president.

It was in 1907 that Mr. Forgan organized the National City Bank of Chicago, and has served as president thru the succeeding years of remarkable krowth. It is possible that Mr. Forgan attracted most public attention by his review of Coins Financial School, in which the fallacies of free silver argument were so ably exposed. Many other articles on banking have come from his pen, and he is frequently called upon for addresses at gatherings of financial men. Mr. Forgan's activities have not been confined to business, and he has been very prominenaly identified with various philanthropic enterprises in Chicago and also with the literary life of the city.

It is said that his addresses all reflect his own earnestness and thoughtfulness, so that those who hear him speak tonight are assured of hearing something well worth while. Mr. Forgan will be a dinner guest today at the home of H. M. Capps.

DEATHS

Wilson.

Mrs. Carrie Wilson, aged 61 years, died at the home of her son in Springfield Thursday, February 20.

Deceased was born in Calloway county, Mo., and resided there until about thirty-five years ago when she came to Jacksonville. She was united in marriage to Charles Wilson for many years one of Jacksonville's best known colored citizens who died a few years ago.

She is survived by the following children. Mrs. Nellie Kuechler, Springfield, Mrs. Mattie Hamilton, Jacksonville, Archie Wilson, Springfield, John Wilson, St. Louis, Frank Wilson, Indianapolis, Ind.

The remains were brought to this city and taken to the residence of her daughter, Mrs. Hamilton, 1324 Lincoln avenue. Funeral services will be held Monday afternoon at 2 o'clock.

Fernandes.

John G. Fernandes a well known citizen residing in the Hickory Grove neighborhood died at Passavant hospital at 7:40 o'clock Saturday evening. He had been ill only a short time.

Deceased was born in the Island of Maderia in 1842 and came to this country when 12 years of age, coming directly to this county where he has since resided.

He was united in marriage to Miss Mary Day in 1863 who survives him. He also leaves the following children: John R. Fernandes, Jacksonville; William H. Fernandes, Iles; Tony G. and David G. Fernandes, Mrs. Marshall Nunes and Mrs. Clarence Scott, Jacksonville. He also leaves 18 grandchildren and one great great grandchild. One daughter, Mrs. F. D. Martin, preceded him in death.

Mr. Fernandes was a member of Northminster church and was honest and straightforward in his dealings. He was highly respected by his neighbors and was kind and loving in his home. For many years he followed the occupation of farming nd was regarded as successful in that calling.

Funeral arrangements will be announced later.

WITH THE SICK

Aletha Brown who has been a patient at Passavant Hospital has returned to her home on West Independence avenue.

John K. Long, who has been confined to his home on West College avenue by illness for the past several days, is now steadily improving.

Friends of Mrs. Mary Cosgriff who is so ill with pneumonia will be pleased to learn that she is much improved.

BISHOP SHERWOOD COMING TODAY

Bishop Glanville Sherwood of Springfield will be in Jacksonville today for a confirmation service at Trinity Episcopal church. The bishop's visits are always looked forward to with pleasure and interest.

SENDS WELCOME TO WILSON

New York, Feb. 22.—A wireless message welcoming President Wilson home and assuring him of its support in his efforts for establishment of a league of nations was sent to him on the Transport George Washington tonight by the general war time commission of the churches, representing the war work organizations of 24 large denominations.

MACEDONIA IS NOW PEACEFUL COUNTRY

Places Once Populous With Allied Troops Now Deserted—Population is Slowly Filtering Back—Country Has Large Agricultural Possibilities.

Saloniki, Jan. 15. (Correspondence of the Associated Press)—Macedonia at present strikes one as a peaceful and well organized country with little or no population. Many of the villages and towns which furnished the battleground of the allied armies and those of the Central Powers have been destroyed and the population scattered, mostly by the Bulgarians but partly by the necessities of the allies.

The allied army of Macedonia too, is dwindling and it gives one a feeling of strangeness to travel up and down Macedonia and see familiar places which once were populous with allied troops now deserted. Camps occupied for two years by the allied forces and which one had come to regard as permanent institutions now are the feeding grounds only of flocks of crows picking about among the refuse. All the troops have by no means left this part of the world and Saloniki still remains the most important military base in Eastern Europe but a great change has come over things and one now sees the sturdy native on his diminutive donkey riding in places which for three years was barred to everybody not in khaki.

Doiran Wiped Out.

The writer passed thru Doiran the other day. It once was a pretty little town, picturesquely situated on the short of the Lake Doiran and during the greater part of the war was only a few hundred yards beyond the British lines, in enemy territory. Of all the thousand or more houses, there is not one left that is more than a heap of rubbish and that is typical of the situation in Macedonia today.

The population is slowly filtering back but the chief things that they find are the excellent roads made by the British—the best roads in Macedonia since the days of the Romans. These roads will be invaluable for the future. Macedonia has lage agricultural possibilities and its population will begin to settle down again after the ravages of the war as they have done so often before.

The old "Macedonian question" still awaits solution. It contained the seeds of trouble and grief for the whole of humanity. Viewed from here, the war seems to have done absolutely nothing to settle the problems of the mixed and warring races in these regions. Age-long antipathies and prejudices remain apparently as firmly rooted now as before the war. But the Austro-German menace which heretofore overhung the whole region like a thundercloud now has been dissipated and the western powers now apparently realize that there is every reason for them to take a keen interest in what is going on in the Balkans.

Needs Strong Master.

It is generally felt here that Turkey needs a strong master and the Balkans a kindly but firm friend who will ordain their future on a basis of right and justice and conditioned partly, though not wholly, on the parts played by various nations in the war, on Serbia's unswerving gallantry and loyalty, on the great aid finally given by Greece and the treachery and cynicism of Bulgaria.

The Allies may not need to "grandmother" the Balkans but it is likely that they will have to "godfather" them. Otherwise the Macedonian question will some day come to the front again. The dead of the British and allied soldiers who lie in Macedonian soil seem to demand that hencefo peace shall prevail in the l where they fough and died.

T. HARDESTY IS VISITOR HERE

Mother of Lieut. T. O. Hardesty Visiting Latter's Family—Was in German Prison.

Capt. J. F. Hardesty is spending a few days in the city, the guest of the family of his brother T. O. Hardesty of Duncan Place. Capt. Hardesty returned from overseas service and was discharged from service at Camp Dix a few weeks ago. He enlisted in June, 1917, and was soon sent to overseas service.

After his arrival he was attached to the British army on the Flanders front. Capt Hardesty was taken prisoner by the Germans, March 22, 1918. After spending some time in a prison back of the Rhine he was sent to a prison at Villingen, where he remained until Nov. 8, when he was released. He was sent back thru Switzerland.

In Villingen Prison.

For some time the family of Capt. Hardesty feared that he had been killed as no word was received from him. After much effort on the part of his family he was located in the German prison at Villingen.

Speaking of his experiences to a Journal reporter Saturday evening, Capt. Hardesty said that most of them were things that he would like to forget. He said that while the Germans were winning they were very arrogant and insulting. After they began to lose battles this attitude changed and they began to show more courtesy to their prisoners.

Asked about the food that was sent into Germany to be distributed by the Red Cross, Capt. Hardesty said, "After the Red Cross organization got to working I believe that most of the food reached Allied prisoners for whom it was intended."

In fact the captain said that had it not been for the food sent in by the United States, that most of the prisoners would have died of starvation, as it would have been impossible to have lived on the rations furnished by Germany.

Into Switzerland.

Capt. Hardesty does not care to talk much about his experiences. He said that when he was released in company with other prisoners that they were given transportation by rail to Switzerland. This is in direct contrast with the reports received thru press dispaches stating that in many instances prisoners were turned loose without food or clothing and compelled to walk to the allied lines.

Lieut. T. O. Hardesty is still in overseas service and another brother, Capt. J. W. Hardesty, is still across the water, being attached to the British army.

When Capt. Hardesty enlisted for service he was engaged in the practice of medicine in St. Louis. He expects to spend some time visiting relatives and is undecided as to his future plans.

PIONEER RESIDENT DIED SATURDAY NIGHT

Mrs. Elizabeth Deatherage Passed Away at Home of Son in Beardstown—Born Near Waverly in 1839.

Mrs. Elizabeth Deatherage, a pioneer resident of Morgan county, died at the home of her son, Alvin Deatherage in Beardstown, Saturday evening at 9:15 o'clock. She had been in failing health for the past two years, but only the last four weeks had she been unable to leave her bed.

Deceased was the daughter of James and Sarah Hart and was born near Waverly July 19, 1839. She was united in marriage to Harrison H. Deatherage March 29, 1861. To this union twelve children were born. Her husband preceded her in death in 1904 and the following children are also deceased: Edwin D., Henry E., and James W. Deatherage.

The following children survive: Leonard and William Deatherage, Seattle, Wash.; Frank L. Deatherage, Evanston; Mrs. Lou Giger, Warsaw; Mrs. Julia McMahon, Waverly; Alvin Deatherage, Beardstown; John Deatherage, Jacksonville. She also leaves one sister, Mrs. Sarah J. Deatherage, Waverly.

Mrs. Deatherage was a faithful member of the M. E. church South and thru the years she always took an active interest in that denomination. Her large family of children she raised and taught to follow the Master. Her life was one of devotion to those she loved and her influence for good was large in the community in which her long life was spent.

Funeral services will be held at Waverly but the time has not been fixed.

AN INTERESTING ANNIVERSARY

This date in 1914 is especially memorable owing to the railroad embargo caused by snow. Several Chicago and Alton trains were stalled south of the city; the C., P. and St. L., passenger train started out Sunday night and returned Friday; the Wabash had a score of trains stalled along the line and there was stoppage everywhere. While out on the road trying to get things going Superintendent George M. Imgrund of the C., P. and St. L., shops suffered a broken foot which laid him up for some time and the park board of which he was then a member had to meet at his house.

At Schmalz' Grocery they have a calendar with space for notations and on it Feb. 23rd is set down as seeing the mercury ten degrees below zero and things generally upset by the snow.

Julian M. Sturtevant, '54 recently celebrated his 85th birthday at his home in Cleveland, Ohio.

Russell Bronson W. A '18 who was recently discharged from the service was a visitor on the campus Friday.

Miss Laura Smith, '20, has returned to College after an illness of several weeks.

Grover J. Little, State Student Secretary of the Y. M. C. A. was a visitor on the campus during the past week. Mr. Little expects to return in connection with the special religio is meetings which are to be held during the coming weeks. The committee in charge of the special religious meetings consists of the following: Edward Tomlinson, chairman, Homer Thompson, Wilbur Rogers, Helen Taylor, Elizabeth Morgan, Alice Bray, Professor R. H. Lacey, Miriam Akers, and the Reverend W. E. Collins.

R. E. Eaton of the "Continent," Chicago, offered prayer at the chapel exercises Friday morning.

Captain A. C. Spilman, ex-'58 who died recently at McPherson, Kansas, was one of the men who helped to lay out the city of Salina, Kansas. He enlisted as a private in the 6th Kansas Volunteer Cavalry, and had a captain's commission when he was mustered out in 1865. While in College he roomed with the family of the Reverend L. M. Glover in the house now occupied by Mrs. James Fairbank on Grove street. Other students who roomed in the house at the same time were William Epler, ex-'56 and George C. Noyes '55.

Miss Miriam C. Akers received recently a German helmet which was sent to her by her brother Wilson Akers, ex'18.

Gas Engines For Every Job on the Farm.

Saves a Team on the Binder

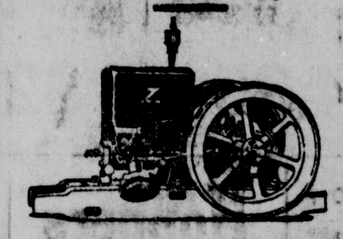

Cushman Binder Engine

The Cushman 4 H. P. is the one Successful Binder Engine. Thousands are in use every harvest. **Fits any binder.** Engine drives sickle and all machinery. Since horses have only to pull machine, two horses will easily handle 8-ft. binder in heavy grain. In a wet harvest Cushman Engine **saves the crop,** as it keeps sickle going when bull wheel slips.

Very Important—The weight of the engine on the rear of the binder, only 167 lbs., is balanced by the six-cone water cooler on the front of the binder. This balancing, and the water cooling, to prevent overheating on all day runs, are necessary to successful work in a hot field.

After harvest Cushman engine does all other work. Very light weight and easy to move around, yet runs more steadily than most heavy engines, because of **Throttle Governor and perfect balance.** 4 H. P. weighs only 190 lbs.; when stripped for binder only 167 lbs. 8 H. P. only 320 lbs. Also 15 and 20 H. P. sizes.

The price of a Majestic Range this week will not be increased, and there will hardly be a great reduction for years to come, if ever, but there may be an increase soon.

Great Majestic Range
Bargain Week

Special Demonstration and Bargain Sale of
Majestic Ranges

At Our Store— One Week Only

Feb. 21st to March 1st

To be truly Economical there should be a Majestic in your kitchen

Economy is not merely spending the least money—buying a range at too low a price is indeed false economy. The first cost is not the only cost—the little additional first cost of a Majestic is nothing compared with its economy of fuel, durability and satisfactory service.

There is only one best. The public has judged. The Majestic is recognized as the standard of all ranges. The construction, material, workmanship and beauty of this wonderful range is unequalled, and it embodies important features possessed by no other range.

Your Opportunity is here—
At our store—during **Majestic Bargain Week.**

TWO NEW AND IMPORTANT FEATURES

The Wonderful Unseen Riveting
Yes, its rivet-tight, just like the old Majestic, but the rivets clinch inside of nickeled parts, leaving nickel smooth as glass, and there are no big, bulky bolt-heads on the inside. And, remember, rivets hold tight; bolts with only one or two threads holding are bound to work loose and cause no end of trouble. The Majestic is smooth inside and outside—it's a striking beauty—more than skin deep.

Oh, Joy! Top needs no blacking!
A smooth, highly polished cooking top, burnished blue, not only adds to the beauty of the Majestic, but absolutely eliminates the work, dirt and worry of trying to keep the range looking nice—just an occasional thin coat of paraffine retains its beautiful velvet blue color.

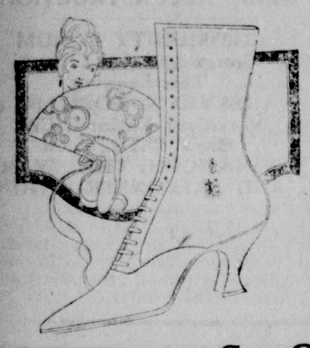

If you haven't a MAJESTIC, avail yourself of this opportunity to get acquainted with this wonderful range—know the inside of ranges.

FIRM HAS MADE BIG IMPROVEMENTS

Illinois Tire & Vulcanizing Company Now Occupies Complete Building 313 W. State Street

The Illinois Tire & Vulcanizing Company whose business has steadily increased during the 5 years they have been in business in Jacksonville, are now occupying the three stories and basement of the building at 313 W. State street. The members of this firm are expert tire men, one member having been connected with the tire and vulcanizing business for 7 years.

This move was made necessary owing to their increase in business, both in the wholesale line and vulcanizing. The office of the firm has been enlarged and made up to date in every respect. The second floor of the building is used for the Battery Repair, Vulcanizing and Tire repair department, while the third floor is used for stock rooms.

A considerable amount of new machinery is being added to the already up to date vulcanizing plant, including new equipment for dry cure retreading. The firm expects to have machinery enough by next fall to be able to build new tires complete.

OBJECTS TO NO SALARY PLAN

As a candidate for alderman, on the Republican ticket, of the 2nd Ward, I wish to state that I am opposed to "no salary, no politics," on the grounds that it is not democratic government. My father served 4 years in the Civil War, I now have a brother in France, and two were ready to go when the armistice was signed. My wife also has a brother in the service. They all tendered their service for the people's rights; equality to all at all elections. How can a workingman, ,or a small business man, give his service for no salary? Many of them have the ability to serve the people as well as the rich. If those that are elected to office want to donate their salary to the city, all well and good. But I believe to serve the city right, in a business way, the officials should be paid, and not have to cut weeds. We have abolished an un-American form of government (the commission form). We should not try it again under another name, "no salary, no politics."

Yours for the People,
Frank U. Correa.

GOOD ARRANGEMENT AT FRESH AIR SCHOOL

Heating and Ventilating System Now in Use is Great Improvement Over Old System—Rev. W. R. Leslie Made Talk Saturday Morning.

Rev. W. R. Leslie, pastor of Centenary church, made a talk to the children of the Josephine Milligan school Saturday morning which proved to be both entertaining and instructive. Rev. Mr. Leslie told of a visit he made last summer to Mount Vernoon, and described in an interesting way the impressions he received from the birthplace of Washington. He laid special emphasis upon the main characteristics of the great man's life, and impressed the children with the fact that the influence of Washington's life was far-reaching because his ideals were of the right type.

The heating and ventilating system which is now in use at the open air school is proving altogether satisfactory. When the fresh air school room at the north of the building was converted into an emergency hospital during the recent influenza epidemic, the furnace removed from the old Springer house was installed, and this is now proving of great benefit to the children. Under the old arrangement the room was warmed by a cook stove. The temperature of the room is kept at 50 degrees, which tests have shown to be the proper temperature for a school room. It is now possible to keep ten or twelve of the windows open and yet maintain an even temperature.

The fund provided by the Anti-Tuberculosis Society has made it possible to furnish each of the children with gloves, shoes and the warm clothing which is desirable in an open air school room. The children are finding the new shower baths a great convenience. All the children have these baths at least once a week, and some whose physical condition is good have them every day. The record of the school for January shows that there have been but few cases of colds, and no influenza cases have been recorded.

BURLINGTON WAY WILL MEET AT JACKSON, TENN

Annual Convention Will Be Held in Tennessee City in September —Executive Committee Held Meeting Here Saturday.

At a meeting of the executive committee of the Burlington Way Hard Roads Association held at the Dunlap hotel Saturday afternoon, Jackson, Tenn., was selected as the place for holding the eighth annual meeting. The dates fixed are September 16 and 17.

Three states were represented at the meeting. Those in attendance were:

President—J. C. Reintges, Granite City.

Vice President—W. H. Holstein, Burlington, Iowa.

Treaurer—Herman Engelbach, Arenzville.

General Secretary—H. C. Wilhite, Greenfield.

Assistant Secretary — Frank Merrill, Roodhouse.

State Vice President—Frank R. Sweet, Springfield.

State Vice President—Fred W. Young, Rock Island.

Promotion Officer—Carl L. Thetford, Bradford, Tenn.

The affiliation of the Burlington Way with the Associated Highways of America was ratified.

A number of changes and alterations in the trail were considered. A change in the routing of the parent trail between Burlington and Columbus Junction, Iowa was made, the trail to pass thru Mediapolis and Wapello instead of Morning Sun as now routed.

It was voted to adopt the extension of the line north from Rock Island, Ill., to Cresco, Iowa or Harmony, Minnesota via Davenport and Dubuque. The committee also discussed other matters of a minor nature.

The president, secretary and other members of the committee will meet with the State Highway board at an early date in the interest of bond roads over Burlington highways.

The new Burlington Way Guides, considered the best and most comprehensive ever gotten out by the association will be ready for distribution in probably thirty days.

DR. ENGELBACH NOW VERY PROMINENT IN MEDICAL FIELD.

At the meeting of the American College of Surgeons held in St. Louis the past week the principal theme considered was Hospital Standardization. One of the speakers was Dr. William Engelbach, professor of medicine at St. Louis university and president of the St. Louis Medical Society. Dr. Engelbach is well known to a great many Jacksonville people as he was a former resident of Cass county and attended Illinois College here, graduating in the class of 1899. He is a nephew of Mrs. Henry Goebel of South Main street. Dr. Engelbach has made a marked success in his professional work in a comparatively few years and is now classed as the most prominent diagnostician in St. Louis

After finishing his college course here he studied medicine at Northwestern university and afterward was an interne in the Cook county hospital. Then he located in St. Louis and during the past years has come into the special prominence just noted. His work is along special lines and his success has been such that he ranks as one of the first physicians in a wide territory of which St. Louis is the central point. Dr. Engelbach in college here was a classmate of Dr. Parker, now one of the leading physicians of Peoria; Dr. C. F. Cole of this city who has also achieved a place of very high standing in his profession, and Dr. Wheeler of Sangamon county, now deceased. From Jacksonville all four were students at Northwestern and the friendships formed in college and university days have continued thruout the after years.

ATTENTION KNIGHTS OF PYTHIAS

You are all requested to meet at Castle Hall this morning at 10 o'clock sharp to attend religious services in a body in commemoration of the fifty fifth anniversary of our order. Services at State Street Presbyterian church; sermon by Rev. W. H. Marbach. Members of Jacksonville Lodge No. 152 and Favorite Lodge No. 376 and visiting brothers urged to attend. Please make a special effort to be present.
Committee.

ENTERS COMPLAINT.

A communication has been sent to the Journal making the complaint that a number of women who have no hospital training now charge for nursing services on the same basis as do graduate nurses. This citizen writes: "Why should women who have had no hospital training and very little outside of the hospital, take advantage of an epidemic and the shortage of graduate nurses to charge the public at the rate of $5 or $6 a day for taking care of the sick?" This practice, the writer goes on to charge, is an injustice to citizens and also graduate nurses, who have spent years in study and preparation for their work.

PECK FUNERAL HELD AT WINCHESTER

Late Mrs. George C. Peck Interred Saturday Afternoon—Karl Thomas Home from Overseas Service — Other Scott County News Items.

Winchester, Feb. 22.—Dana Miner arrived Saturday afternoon from Chicago for a short visit with his father, Dr. James Miner, and his sister, Miss Bertha Miner.

An entertainment and box social was given Friday evening at Brush college school, of which Miss Chat Evans is the teacher. The proceeds from the sale of boxes totalled $26.

The funeral of the late Mrs. George C. Peck was held Saturday afternoon at 2 o'clock from the Baptist church, Rev. W. R. Johnson officiating. A large number of relatives and friends gathered to pay this last tribute to the deceased. Interment was in Winchester cemetery, the bearers being, George J. Peck, Wesley Hamilton, Ralph Riggs, William Peck, Lieut. J. M. Riggs, Jr., and Arthur Bush.

Karl Thomas arrived Friday nift from Camp Knox, Ga., where he recently received his honorable discharge from the service. He returned from overseas service several weeks since.

The funeral of Benjamin Hepworth will be held from the home of his mother, Mrs. John Hepworth, 1½ miles east of Alsey, Sunday afternoon at 1:30 o'clock. The services will be in charge of Rev. W. R. Johnson and interment will be in the Bowers cemetery.

John Norman has been a sufferer the past week from influenza, but is now improving.

J. M. Stowe of Detroit, Mich., arrived Friday to visit his wife, who is taking care of her brother Scott Fletcher, who remains ill at his home south of town.

The ladies of the Christian church will serve a chicken pie supper Thursday evening, March 6, in the basement of the church.

David Ring will hold a public sale Monday, March 3, at his farm ½ mile east of Winchester.

Miss Zeyda representing Woodworths lines of Toilet Articles will be in our store, demonstrating the complete assortment of this celebrated line.

To Protect the Quality, Welworth Blouses $2.50

Women throughout America have learned to expect a certain definite unvarying standard of quality in Welworth Blouses. These expectations never have nor never will be disappointed. To maintain that standard an advance, comparatively slight, now becomes imperative. And it might be remarked that this is the first change ever made in the price of these far-famed and deservedly-popular Blouses.

When it is ecalled that the prices of everything that enters into the construction of Blouses has advanced to such dizzy heights, keeping down the price of the Welworth for so long a time seems an achievement nothing short of remarkable. This has been due in part to **greatly growing volume** and **greater economies**; in part to provident, **year-in-advance material purchases.** Further advances however, have made this increase inevitable.

In the future as in the past the Welworth will always represent the very maximum of value at the price, and the unique Welworth service assures us that we will always be able to show the same new styles on the same day as they first appear in the Nation's recognized Style Centers.

This is the only store in this city where Welworth Blouses can be sold.

Our intimate co-operation with the Nation's largest Blouse makers insures better blouse values always.

LITERBERRY BAPTIST CHURCH GAVE SUPPER

Event Was a Success in Spite of Inclement Weather — Miss Edith Scribner Efficient Mail Carrier — Other Literberry News Notes.

Literberry, Ill., Feb. 21.—Mrs. James Petefish, who was so faithful in her care of the late Mrs. J. M. Liter, is now at her home for a much needed rest. Mrs. Washburn and Mrs. Bray of Jacksonville who assisted in the care of Mrs. Liter, have returned to their homes.

Mrs. Andrew Street of Waggoner spent last week at Harmony Cottage with the Scribners.

George Decker is moving his household goods and family to Mrs. Eliza Ratliff's property on Peoria Boulevard.

Mr. and Mrs. Frank Hopkins and daughter Lois who have been spending the winter in Arkansas, returned to Literberry Tuesday and are now keeping house at their old home. Mrs. Ora Collins and little son are spending a few days with Aunt Sallie Collins.

The supper at the Baptist church on Thursday night was a success, even tho the weather was bad. The chicken pie was excellent and served in big slices with plenty of rich gravy. The vegetables and salads were "just right," and the pickles, cake and cream were of the best.

Our efficient rural mail carrier, Miss Edith Scribner, is proving herself a worthy person for the place. She is out early every morning, feeding and harnessing her team; and at the P. O. at the proper time getting her mail in order, starts out on time, drives at a moderate speed, gives satisfaction to the patrons of the route, and gets home in good time; and still, some folks say "its no fit job for a woman." We want to know why not.

Mrs. Ellen Neil and Mrs. Lizzie Liter spent Tuesday at the Collins home.

HAZEL DELL

D. H. Smith is confined to his home with the flu.

Abe Huddleson who has been living in one of H. O. Smith's houses expects to work for Alpha Anderson the coming year.

Quite a few people from here attended the John Grady sale Monday near Merritt and report a good sale.

Walter Grady is on the sick list.

Mrs. James Hutches and Mrs. T. H. Stone attended club at Haline Markham's in Chapin Wednesday.

Paul S. Gordon of Decatur is spending the week-end with Mrs. W. I. Brown on West Independence avenue.

WAR BRINGS SERVANT PROBLEM TO ENGLAND

Women Who Took Up War Work Are Not Returning to Domestic Service—Effort Being Made to Form Chambermaids' Union.

London, Jan. 23.—(Correspondence of the Associated Press)—Time was when Americans, harassed by the servant problem, came to England to live. Here they could keep house in peace and sing the virtues of English domestics, making comparisons based on experience in the United States with servants of every race and color. They declared that from housekeeper and cook-general to nurse and between-maid the English serving women had no peers—they worked harder, better, longer hours, and with more willingness and for less pay than servants in any other part of the world.

How many of these Americans are returning home. They have not modified their notions about English servants, but they simply cannot hire them any more. England, as a result of the war, is having her own servant problem.

The trouble began when the servant girls flocked into war work. Householders were greatly inconvenienced and large numbers closed up their dwellings and moved into hotels. Others did their own work, expecting the servants would return when the war ended. But the fighting has been over a long time now, scores of munition factories have closed, and still the girls have not returned to their old employment. Whether they ever will reutrn is a favorite subject of gloomy speculation at many a tea table.

Of the hundreds of thousands of servant girls that responded to the call for patriotic service very few, acording to employment agencies, are going back to domestic work. For thirteen weeks they have the $4.75 a week provided by the government until they find other employment, but unless the girls have homes to go to, that is scarcely enough to shelter and feed them.

Many with aptitude and skill will continue at factory work, taking the places of men killed or crippled in the war. Thousands driven by restlessness will emigrate, it is believed to America and to the dominions to seek industrial employment not available to them here. Other thousands will marry soldiers when the army is demobilized.

The majority, however, in the opinion of employment agency officials, will sooner or later have to return to domestic service.

But, according to a woman spokesman for the girls, it was the taste of factory-life freedom even more than novelty of high wages that is the chief cause of their present discontent. She cited as typical the conditions under which chambermaids in a big London hotel work.

"They receive," she said, "13 shillings a week for a working day of from 13 to 15 hours. Once a week they are allowed off from 4 o'clock in the afternoon until 10:30 at night, alternate Sundays from 2 p. m., until 10:30, and they are given a full day off once a month."

Efforts are being made, it is said, to form a chambermaids' union for the purpose of securing shorter hours, better food and working conditions and more pay.

FIRST COMPETITION UNDER SCHOLARSHIP

London, Jan. 19.—Particulars and conditions pertaining to the "Edward and Anne Seguin Scholarship," were announced today by the Royal Academy of Music in the statement that the first competition under the scholarship will be held in London April 24 next.

Competitors must be sopranos who were born in the United States. The winner will receive two years' musical education at the academy with a possible extension of that period in cases of exceptional talent.

The scholarship was founded by Marie Child-Seguin, who resided for years in New York, but who died in Denmark in 1903. Under her will a sum of money was left for the scholarship which is designed to perpetuate the memory of her father and mother who were students in the acedmy in its very earliest years.

Her father, Edward Seguin, frequently took a leading part in the performances at the acdemy, as did Anne Child, whom he married. They became opera singers, and were seen for a number of years at Drury Lane and Covent Garden, but in 1838 they went to America where they organized the Seguin Opera Company. In the course of their professional careers they accumulated a large fortune which was inherited by their daughter.

FIRST OF FLEET OF CEMENT SHIPS.

Paris, Jan. 23.—The Comafran, I, which has just been launched on the Seine, is the first of what is expectld to be a large fleet of cement ships to be in France this spring, mainly to carry coal from England. These ships are of a standard type of about 1,000 tons displacement and the French are proud of the fact that all the material used in the construction of this first unit of their new cement fleet was produced in France. The Comafran I is French built throughout down to the smallest detail. The steel used in the construction fromework was scrap metal from the battlefields.

The vessel was launched stem first, said to be the first time this has been accomplished with a cement ship of this tonnage. Many French shin-building experts had expressed fears of mishans, but nothing untoward occurred.

COLLEGE OF MUSIC NOTES

Mr. Stearns will give the first of his Vesper Organ Recitals on Sunday afternoon February 23rd at 4:00 o'clock. The program will mark the beginning of a series of recitals devoted to compositions for the organ by American composers. The second in this series will be given on Sunday afternoon March 9th at 4:00 o'clock. These recitals are open without charge to the public and all are cordially invited to attend.

Miss Lazelle's Annual Song Recital was a briliant artistic success, though the extremely inclement weather kept away many who otherwise would have attended. On all sides one heard expressions of praise and appreciation for Miss Lazelle and her beautiful singing.

The regular weekly students' recital in the College of Music was held on Thursday afternon, February 20th at 4:40 o'clock. The following program was presented:

The Little Sprite.....Gurlitt
Lucile Harber
Tarantelle in A minor....Dennee
Maria Nunes
I Hear a Thrush at Eve..Cadman
Sue Wade
Minnett in B flat.....Bach
Margaret Curtis

Mildred Major
Etude in A minor.....Heller
Frances Bonansinga
Southern Melody.....Yost
Etude Melodigue.....Nolcn
Bernice Holnback
Scherzo and Theme and Variations rfom Sonatain A flat op. 26 .....Bethoven
Olive Engel

Next Thursday afternoon, February 27th, the Children's Department will hold its regular monthly recital and next Thursday evening at eight o'clock students in the College of Music will be heard in a public recital. All are cordially invited to attend.

Marjorie Knight will sing a solo at the Baptist church Sunday evening, February 23rd. Myrl Hammond sang a solo last Sunday evening and Euphama Green the Sunday before.

Miss Lazelle presented eighteen pupils in recital in Springfield on February 10th and four advanced pupils in a Grieg recital February 17th. Two of her advanced pupils will give a program of solos and duetts before the Springfield Woman's Club on February 23rd. Miss Olivia Monroe, Miss Lazelle's artist pupil, is to be soloist at the next Amateur Musical Club concert. Miss Monroe will give a recital at Illinois Woman's College later in the season. She has a very beautiful voice which is exciting much comment in musical circles.

J. HERMAN TO THE EAST.

J. Herman expects to leave for the east tonight to make some extensive purchases for his spring stock of millinery and ready to wear departments.

WOMAN'S COLLEGE NOTES

The Week of Song, February 16th to 22nd inclusive, set aside in the public and private schools for a speciol song service was emphasized Saturday the 22nd. Under the leadership of Miss Margaret Scrimger a spontaneous song service was held at the morning chapel. Two pianos were used with Miss Marjorie Taylor and Miss Mable Wyatt presiding. Favorite selections were called for by individual students and then sung by all. Among the favorites were Divie, Battle Hymn of the Republic, Sweet and Low, There is Music in the Air, I am Going Back to Indiana, Beautiful Ohio, Illinois, Illinois Loyalty, My Old Kentucky Home.

The object set down and the good to be accomplished by the Week of Song are stated as follows: First, to awaken the singing spirit and sta all America singing. To cultivate a taste for songs of the better sort. To bring people together in their various communities and develop the community spirit. To develop and strengthen the great American spirit and uphold its high ideals by the singing of such songs as uplift and inspire. To amalgamate and give spectacular expression once a year to all of the various efforts put forward to establish community singing by the various organizations throughout the country. The Illinois Woman's College is very glad to cooperate in this work.

The final report of the Finance Committee for the United War Work Campaign made its report through the chairman of the finance committee, Miss Cordelia Randolph, at the Friday morning chapel. The large sum of twenty-one hundred and twenty-four dollars has been collected and turned in to the headquarters treasury. This is a remarkable report, reflecting credit on the students and faculty.

The Freshman class has perfected its organization and the following officers elected:

President—Mary Rose Adams of Bement.

Vice president — Miss Helen Tombaugh of Burlington, Iowa.

Secretary—Miss Marian Munson of Rushville.

Treasurer—Miss Lillion Bollenbach of Tampico.

The World Fellowship Campaign of the Illinois Woman's College was carried on the first part of this week, the purpose being to secure a one hundred per cent membership in the study or discussion classes. This was very successful last year and it is the aim of the committee to make it as much, if not more so this year. It is a general feeling that the classes were beneficial to all who participated. The following discussion classes are open to the students:

Academy: Christian Citizenship.

Freshmen: Christian Standards in Life.

Sophomores: Social Principles of Jesus and Student Standards in Action.

Juniors and Seniors: New World Democracy and Student tSandards in Action.

Preparations for May Day are well under way. Thursday morning elections for King and Queen took place. The following were honored: Miss Zereta Schwartz of Hoopeston was chosen Queen of May and Miss Mary McGhee of Murrayville was elected King.

Dr. and Mrs. Harker, accompanied by Mrs. Metcalf, left on Thursday morning for a visit in Chicago.

Dean Margaret Taylor delivereo an inspiring address at the Tuesday chapel. It was in the nature of a report of the Life Service Conference held February 7th, 8th and 9th at Evanston, Illinois. Miss Taylor and Mrs. Nicholson were both on the faculty of Cornell College, Mt. Vernon, Iowa. It seemed natural, therefore, to have Miss Taylor bring the message from the latest development in the Centenary movement in the Methodist church, since Mrs. Nicholson had awakened such great interest among the students for the proper investment of their lives. Miss Mary Whiteside and Miss Zereta Schwartz, who accompanied Miss Taylor to Evanston, gave their reports a week prior at evening chapel.

Washington's Birthday was appropriately celebrated at the College Saturday evening. The dinner was a festal occasion—the diners being arrayed in colonial costumes. The program given in the gymnasium was in the nature of a surprise and could not be divulged in advance to the press.

Among the visitors to the college this week were the Rev. Enos Holt of Durand, Illinois, who visited his daughter Miss Helen Holt. Mrs. A. S. Flanigan of Quincy, Ilylinois, spent Friday at the college. The purpose of Mrs. Flanigan's visit to Jacksonville was to make final arrangements with the Methodist churches for the great conference of young women to be held in Grace church April 12th and 13th. It is expected that about one hundred and fifty young women from out of town will be in attendance.

The leader for the Y. W. C. A. meeting Sunday, February 23rd is Gladys Goodale. Subject—Are You a Thru Train? Special music by Nerlin Terhune.

WAS IT FROM OKLAHOMA?

A gentleman very well versed in such matters suggests that the dust which fell in the city and county a few days ago was from Oklahoma. He says it was of a reddish cast and such as is not found anywhere about this part of the land. He thinks it wholly possible that the dust was carried by an upper current in this direction from Oklahoma and fell when penetrated by rain in this vicinity.

Wesley Lindsay of Orleans visited the city yesterday.

DRAWING FOR WASHER.

Hundreds Gather at the Rooms of the C. E. Hudgin Furniture Compnay.

According to announcement the drawing for a Wonder Washing machine was had at the rooms of the C. E. Hudgin Furniture Co. on South Main street yesterday afternoon. The conditions were that tickets bearing the name of the owners should be deposited in a box, shaken up and withdrawn by a suitable person. The lucky person had to be present and the fifth ticket was the fortunate one. Several hundred gathered and a little girl whose name could not be ascertained, was blind-folded and drew five tickets. The owner of the fifth ticket was absent and again a drawing of five was had and again the owner was away so the third time it was tried and Mrs. Thomas Armstrong, 739 South West street proved to be the winner. Everything was perfectly fair and satisfactory and the large crowd left well satisfied.

Mothers!

An Appeal For Your Children

Look back at your childhood days.
Remember the physic that mother insisted on—castor oil, salts or cathartics.
How you hated them. How you fought them. How you dreaded their after-effects.
That was all wrong, but then nobody knew better.

With our children it's different.
The day of harsh physics is over.
We don't force the bowels now; we coax them.
We have no dreaded after-effects.
And the dose is a candy tablet.

Mothers who cling to the old form of physic simply don't know what they do.
The children's revolt is well-founded.
Their tender bowels are harmed by them.
The modern way is to give a gentle laxative more frequently. To keep the bowels always active.
The best method is Cascarets.

Cascarets are candy tablets.
Children love their pleasant taste.
They cost only 10 cents a box, with full directions for children's dosage at all ages. Babies too!
Give Cascarets, then don't worry—they never disappoint.

THE WATER QUESTION

A Statement by Joint Water Supply Committee.

Two years ago a public meeting of citizens was held at the Court House, to discuss ways and means of providing an abundant and pure water supply. A Citizens' Committee of five was authorized to act as a Joint Water Committee with the City Commissioners.

Your Joint Committee held meetings and procured the services of the State Water Survey of Illinois, the State Geological Survey, and the State Board of Health, to investigate our possibilities and our present water supply. Your Joint Committee estimated that the expenses of the investigation for boring test holes, plans of engineers and specifications would be possibly about $6,000.00. As the city's exchequer was not prepared to pay this expense, a body of fifty public spirited men signed a guarantee for this amount of credit for this purpose. The expenses and salaries of the officers of the State Boards were all paid by the State.

These officers, with the Committee members and city engineers, visited and went over all the various possible supplies, including the Jacksonville Water Works statistics; caused numerous test holes to be bored in and adjacent to the North Pumping Station known as the Widenham-Daub wells, to ascertain the extent of gravel beds there; South Sandy Creek; Little Indian; Snake Creek; North Fork of the Mauvaisterre and the South Fork of the Mauvaisterre Creek included. After one year's time in this research, the State Boards reported to your Joint Committee that in their opinion, the South Fork of the Mauvaisterre Creek was the proper place to provide an impounding reservoir for the least money, and that could be operated at the lowest cost when completed.

What Estimate Provided

Your Joint Committee unanimously employed Pearse & Greely, Hydraulic and Sanitary Engineers of Chicago, to prepare estimates and plans for a dam, spillway and filtration plant to be constructed on the State ground at the South Pumping Station. The estimated plans provided a 22-foot dam with a concrete spillway, to hold 14 foot depth of water at the spillway, and a filtration plant of two million gallons per day capacity, with a head house and pump house therewith, for a cost of $75,100.00 estimate.

The new reservoir when completed will have a capacity of 35,000,000 gallons of water in which in conjunction with the 35, 000,000 gallons of water in the present Morgan Lake, would make a total of 455,000,000 gallons, an amount sufficient to supply all of Jacksonville's needs for a year, practically, without further rain.

Another very important feature to be considered in the construction and financing of this large lake is that when it is completed, Jacksonville and community will have one of the largest inland lakes in Central Illinois, lying in "L" shape, a quarter of a mile wide and two miles long, covering some 230 acres of water surface, with beautiful grounds surrounding the same for driveways and park privileges. It will also furnish an ideal spot for nimrods and water craft and will be a source of delight and pleasure to future generations and will draw many visitors to this vicinity from surrounding territory.

Your Joint Committee advised the calling of a special election to issue $75,000 of five per cent 1-20 year bonds to procure these funds. The election was held and the issue carried.

State Vitally Interested.

The dam, spillwayy and filtration plant was to be constructed on sixty acres of ground belonging to the State Hospital of Illinois. We found that the Director of Public Welfare and Public Works could only lease the ground for two years at a time; that it would take an Act of the Legislature to authorize the Deed to be made to the city for water purposes. We had to wait until the Legislature met. The State of Illinois is vitally interested in a good water supply, so the officials of the State are asking the Legislature to authorize the making of a deed to Jacksonville for the purpose of constructing a dam, spillway and filtration plant thereon, with the consideration therein that the City of Jacksonville will furnish all the water the State may need, at the current rates charged to corporations, railroads, etc., of like quantity, and that Jacksonville shall pay to the State $300.00 per year as rent, payable monthly, to be credited on the bill of the State Hospital. This Bill is now before the Legislature with an Emergency Clause and should be passed in ten days, or by February 15.

Problem eYt to be Solved

Your Joint Committee, after the Bond election, ordered that Pearse & Greely, Engineers, be employed to prepare detail plans and specifications for dam, spillway and filtration plants for advertising for bids and construction purposes. The dam and spillway plans are completed; filtration plans are being prepared. We are now practically ready to advertise for bids and begin construction. The problem yet to solve is this:—the 14-foot water level at spillway will cause to be overflowed some 228 acres of land lying south and east of the dam. It was thought best to have 150 feet of land around the lake beyond the 14-foot water level for park and driveway purposes, and to take care of future overflows when the lake was already full. This 150 feet, together with some odd acres that will have to be purchased, will amount to about 152 acres, making a total acreage outside of the State ground to purchase of some 380 acres. Your committee has procured options to purchase all of this except ninety-one acres, up to March 1, 1919. It will require in round numbers, $100,000.00 to do this.

How shall this be financed? It must be done by individual leases and twenty-year options, or by a Trustee ownership or Corporate Company for the whole 380 acres, who in turn will lease the whole to the City of Jacksonville at six per cent per annum on the cost price, with the option tothe city of Jacksonville to purchase it at any time in twenty years, at actual cost to the said Trustee or Corporate Company. Some of the land can be purchased at $225.00 per acre. Most of the land is not to exceed $250.00 and the total cost would probably average about $250.00 per acre.

The Trustee of Corporate Company is the best and most feasible plan. Six per cent on $100,000 would be $6,000. $5,000 in principal per annum for twenty years would pay the debt. This makes $11,000.00 for the first year to pay and a little less each year as the principal and interest is reduced annually.

How can and will the city procure this amount? In 1917 the total amount of metered water sold was 261,000,000 gallons. This was a year of drouth; water was scarce. So to be safe, we will say 250,000,000 gallons per year metered measure was sold. An ordinance of clause in the Lease requiring the city to pay over monthly when collected, five cents per 1000 gallons would produce $12,500.00 which would easily meet the $11,000.00 required the first and future years.

When the plant was completed and the water was pure and abundant for all purposes, the consumption of water would probably increase to 300 million, 350 million or 400 million gallons per year. When the consumption by meter measure amounted to 400 million there would then be $20,000.00 per annum turned over to the Trustee or Corporation Company to pay the acreage off and reduce the interest. This system alone should pay out in ten years.

Cost of Present System

Under the present system we are compelled to operate both the old South Side Station and the North Side Station, as neither one can be depended upon to supply sufficient water. The North Side Station has five deep well pumps to supply the water from the gravel beds to the rotary pumps which force the water into the mains. These five deep well pumps are estimated to cost for repairs and current and labor from $8,000 to $10,000 per year. When the dam and spillway are completed, all the water in the new reservoir will flow by gravity to filtration plant and pumps, thereby saving the expense as unavoidably made now at the North Side Station. The rotary force pump at the North Side Station will be removed to the South Side plant and the North Side abandoned. Current for the South Side plant will be generated at the City Plant as now for the North Side Station and street lighting.

In the past the water consumers have paid for all the expense at the Water Department, but not more, as commonly supposed. But in doing this, the consumers have also furnished all the water to the city as a whole for fire protection and other city needs. This is not a square deal. Under existing revenues, we could do nothing else.

City to Pay its Portion

Now with this proposition, the city in general, through the Bond tax of $75,000 and interest covering a period of twenty years, will pay their portion for the benefits received. The consumers, through the five cents per 1000 gallons, will pay for the land that makes the reservoir. This arrangement appears fair, equitable and just to all concerned.

The options we have procured to purchase the necessary land are to the City of Jacksonville or its assigns. A company of citizens could and should organize at once and appoint a Trustee or Corporate Company, to whom the city would assign the options. This Company could issue Trustee certificates bearing six per cent interest in such denominations as desirable to make this a popular loan. Every citizen is interested and should purchase some of these Trustee Certificates. There could not be a better or more secure investment. The Trustee or Corporate Company would in turn lease the said land to the City of Jacksonville at cost to them, with the option to purchase the same at cost to them at any time within twenty years, stipulating that the City of Jacksonville shall set aside and pay monthly to the said Trustee or Corporate Co., five cents per 1000 gallons of metered water sold to consumers. The said five cents per 1000 gallons so received by the Trustees to be used in paying the annual interest as required, and the amount over to be supplied in paying off the Trustees' Certificates; it being understood that whenever the City of Jacksonville should, through the payment to the Trustee of five cents per 1000 gallons or from any other funds provided, pay all of the principal required on the option and the interest, then the Trustee or Corporate Company shall deed in fee simple the said lands to the City of Jacksonville.

South Jacksonville Included

All of this includes South Jacksonville; they are just as much interested as we are, because when this reservoir is constructed it will have sufficient capacity to furnish all the pure soft water needed by the inhabitants of this community. And under the Statute we would be and are compelled to sell and deliver water to our corporate limits for other contiguous municipalities when desired and requested by them.

Now, people of Jacksonville, you must have water, whoever your city officers are, now or in the future. Your City Council, in conjunction with the Citizens' Committee, have prepared and provided ways and means to proceed with this undertaking and have prepared the system of finance for the construction of the same and the liquidation of the liabilities thereafter. Your Joint Water Committee when they acquire the deed to the State property, have accomplished practically all they can do in this matter until this proposition is financed. In order to finance the 380 acres of land necessary, the citizens of Jacksonville must organ-

GOING TO OHIO.

Friends of Mr. and Mrs. O. E. Rexroat will be sorry to learn that Mr. and Mrs. Rexroat expect soon to leave for a home in Vanwert county, Ohio. It is in the northwest part not far from the Indiana line. Mr. Rexroat says what induces him to make the change is lower priced land than in this vicinity, hard roads and good schools. His farm of 160 acres is but a quarter of a mile from a hard road and hence desirable.

EXCITING FOX RUN.

An exciting fox hunt took place Saturday morning out a few miles northwest of town, and the best part of it all is that the fox was caught.

Early Saturday morning while Richard James and Allen Leake and William Menge were riding near John Noonan farm, one of them spied a red fox At the same moment a dog that was following the party caught sight of the animal and with a yelp gave chase. For the next hour it was a mad scramble over wet and soggy round but the dog and party succeeded in keeping their quarry in sight. The chase led from the Noonan farm, near the Gravel Springs, west to the Wabash bridge where the animal doubled back six or eight miles on a zig-zag course, finally diving into a hole. The dog was not far behind. The men got tools and on digging into the hole were able to land two big red foxes and a skunk. The question is, did the foxes live with the skunk or did they just ddrop in for a call when hard pressed. And if just dropping in, how is it there were two when only one was chased and seen to enter. Anyway the gentlemen named have the three pelts and some very muddy clothes to show for the chase.

END OF TRACTOR SCHOOL

The Tractor School which the Berger Motor Company has had in hand at the garage, 233 South Main street for three days, closed yesterday and tho the weather was so inclement there was a good attendance. Messrs. Wilson and Long of the Moline Universal Tractor Company, experts in the business, were on hand and with 2,000 feet of film and carefully prepared lectures thoroly demonstrated every thing pertaining to a tractor. The use and the care of the machines were fully explained.

The Berger Motor Company has recently sold three of the machines at $1,550 each and they too will prove a good ad for the business.

PUBLIC SALE

8000--Hedge Posts--8000

I will offer at public sale on March 4, 1918, beginning at 1 o'clock p. m. on that part of my farm two miles north, one mile east and one half mile north of Alexander, five miles south and one half miles east and one mile south of Prentice, 8,000 hedge posts, all sizes and ranging in lengths from seven to eleven feet. Included in this lot are about four hundred No. 1 end or corner posts from ten to eleven feet long. I think this is absolutely the best lot of posts ever offered in one sale in this county, and never again will there be such a grand lot of good posts offered as the hedges have been cut and buying good hedge posts is almost a thing of the past. Any one expecting to use posts within the next four or five years will do well to buy some of these posts and have them in readiness. All sums under $10 cash. Credit of six months, with bankable note drawing 6 per cent interest on all sums over $10.

To Our Patrons

We wish to announce that we have our plant reinstalled and are now able to get your tires out promptly. In fact we are able to repair your tires quicker than ever before as we have added a great deal of new machinery and equipment to our plant, including a new process, dry-cure retreading outfit thus enabling us to turn out BETTER WORK QUICKER.

We are indeed sorry for the inconvenience caused our customers while we were moving our plant to the 2nd floor and adding new equipment, but owing to the increase in our vulcanizing and tire repair business this change was made necessary in order that we may be able to give you the best of service during the coming season.

HOGS—THEN AND NOW.

Speaking of 17 and 18¢ for hogs a well known citizeen of this city said:

My father lived in the vicinity of Meredosia in the early days when there were hardly any fences to be seen, those in use being of brush and not very hog proof. In those days there were many wild hogs belonging to no one while others were branded by their owners and were safe from all but thieves who were scarce at that time.

My father had some he was fattening; some he had raised himself when one day an Englishman named Naylor came to him and said he had 200 wild hogs he had coralled and wanted to give my father 25 of them. Father naturally hesitated somewhat but knowing Mr. Naylor to be a square man he finally accepted the gift as the whole 200 had cost Mr. Naylor only the trouble of rounding them up. They used to call them hazel splitters while in the south they went by the name of razor back and the latter were not as good as those grown on the mas as the acrons and other natural provender were called.

Father fattened the hogs and to sell them had to kill and dress them and haul them to Beardstown and sell them to the packers there for a cent and a half a pound.

On the knoll near my father's home was a thick patch of black jack with many leaves making a fine place for the wild porkers which congregated there in large numbers nesting among the leaves. One day by father rigged a big sled into a kind of pen with gates all about it. The one toward the top of the hill was on hinges and the others were fastened solidly. The first named he had riged with a rope so that he could conceal himself and shut it when he desired.

He bided his time till one day the hogs wandered into the trap till it was about full and then the gate was shut. They were furious and tried hard to get out but the gates were too high for them to jump over and they had to remain. My father and his men watched their chances and as a swine would protrude his head they would knock him till the porkers were all killed and then they stuck them and had quite a lot of meat.

Strange to say; the packers in after years said the meat from the wild animals fed on mast was really better than that from the ones fattened on corn and slops in the orthodox way.

Mr. Billings was later connected with that Beardstown Packing Company and later came here and started a packing business with some others but it ended most disastrously.

So far all efforts to locate the garment have been unavailing.

HER TROUBLES HAD COST THOUSANDS

Mrs. White Says Tanlac Overcame Troubles After Everything Else Failed—Suffered Fifteen Years.

"Acutally, a few Bottles of Tanlac did more for me than medicines and treatments that have cost me thousands of dollars," said Mrs. Kittie White, who lives at 1312 Forty Second street, East Seattle, Wash.

"Fifteen years ago," she continued, "I was a strong and healthy woman weighing a hundred and seventy pounds. I contracted asthma, which got so bad that many a time I have had to sit up night after night hardly able to get my breath and suffering terribly. My stomach went back on me, my food would sour and the gas that rose up in my throat would almost strangle me and I would be so much in misery that I would go almost distracted. My head ached like it would split and my back hurt like it was going to break in two. I lost forty pounds and was so weak and felt so worn out that I was barely able to get around.

"One of my friends told me about Tanlac, so I got me a bottle. My appetite is so great now that I feel ashamed to eat enough to satisfy myself, and my stomach is in fine condition. I haven't suffered a particle from asthma since I have been taking Tanlac. I felt so fine on finishing my first bottle that I just couldn't get another one quick enough. I never know what a headache is, those awful pains in my back are all gone, I have already gained several pounds and am gaining in weight and strength every day. I can do any amount of hard work without getting tired, and can't remember the time when I felt as fine as I do today."

TANLAC is sold in Jacksonville by Coover and Shreve.

CONSERVATORY NOTES

There will be a students' recital next Thursday afternoon, February 27th at 4:30 in Recital Hall. The public is cordially invited.

Frank Collins, jr., of Virginia, played some solos and accompaniments at the meeting of the Woman's Club on Thursday, Feb. 20th.

Misses Edna Hackett and Mary Elizabeth Pribe sang solos at a reception given at the State Street church on Friday evening, Feb. 21st, accompanied by Miss Ruth Duncan. Miss Virginia Bullard played a piano solo and Mr. Kritch played two violin solos, accompanied by Mr. Munger, on the same occasion.

Miss Ellen McCurley played piano solos and Miss Helene Sorrells violin solos at the High school on Wednesday afternon, Feb. 19th.

Harlan Moses played violin at the Christian church Monday evening, Feb. 17th and at the Baptist church Thursday evening, Feb. 20th.

The Song Recital given by Misses Lorine Deweese and Mabel Forrester, assisted by Mrs. R. E. Keating, accompanist, last Tuesday evening, Feb. 18th, was very successful and well attended.

Mrs. Wilson and Miss Mabel Forrester went to Decatur on Thursday to attend a concert given there at Milliken University. Verdi's Requiem was presented by the Conservatory chorus and soloists.

GRACE CHURCH.

The teachers and scholars of the Intermediate and Senior departments of the Grace church Sunday school are especially requested to hear the pastor's message at the morning service today.

Keep the Children Well

To keep the little ones well, sturdy and happy, free of coughs, colds, croup, little fevers and inflamed throats, use Foley's Honey and Tar.

It is carefully made of selected remedies that loosen and break up a cough, stop croup and ease an aching inflamed throat, and it is clean of all narcotics.

The prompt use of Foley's Honey and Tar is very helpful for whooping cough, and the restless feverish state that attends children's diseases.

"M. T. Davis, Bearsville, W. Va. writes:—"One of my patrons had a small child taken with croup. They came to my store and bought a bottle of Foley's Honey and Tar and before morning the child was entirely recovered."

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

It Led Then and Leads Now

Hudson Super-Six Gained Its Leadership on the Speedway. It Maintains It With 60,000 Users

The records Hudsons made in the tests that prove endurance are just as important today as they were when made three years ago.

That was the only way then in which it could be proved a life car. The abuse which only the speedway and the hardest touring and hill climbing would reveal in a few hours had to be used to demonstrate Hudson limits of endurance. Ordinary driving was too slow.

Now 60,000 users through every kind of service and neglect are individually confirming what was shown in those tests. They have established the leadership of Hudson Super-Six in every way that proves performance and long life.

Rival's Imitations Make It the Pattern Car

Every car produced since Hudson Super-Six design showed the importance of minimizing motor vibration, as it does with its exclusive motor, has reflected Hudson leadership. First it was mechanical leadership. Now it is in body designing as well, that others look to Hudson.

This year's auto shows reveal that influence. Comparison of most cars with earlier Hudson models show it. Present Hudson models in such types as the Sedan, the Touring Limousine, Coupe and others are regarded as forecasts of what others will offer next fall.

When you get a Hudson you may expect to see a similar type on models which others bring out six months to a year hence. But there is a shortage of Hudsons this spring as there has been every spring for the past three years. You should speak early to assure delivery.

OBITUARY.

Nearly thirty-five years ago James Rea, with his wife Mary Johnson Rea, and three children, Mae, Jennie and Johnnie, established their home southeast of Murrayville near the Zion church.

On November8, 1886 ther was born into their home a baby girl, that was given the name of Susan Ethel.

She grew up in the home and early developed a mind far more mature than most children of her age. She was fond of books and became a great reader, going thru the grades in the country school and graduating from the Murrayville high school.

On November 8th, 1095 she was united in marriage with J. Penton Wright, to which union were born Leland Mae, Mary Ina, John Beadle, Charles Penton, Ethel Pauline and Iona who passed away in the spring time of 1918.

The dread epidemic of influenza that has ravaged our country marked Ethel for its victim, and the husband and family spared no effort to combat the disease, calling to their asistance the best medical aid obtainable, but pneumonia developed and the end came at the family home one mile north of Manchester at 4 p. m., February 18, 1919, leaving the heartbroken husband and five small children. She also leaves her father James Rae, and the following named brothers and sisters: John W., of Woodson, Ill., James H., Arvilla, North Dakota, Mrs. R. Y. Gibson of Jacksonville, Mrs. John Agers of Manchester, Mrs. Bryan Sheppard of Virden and Bessie at home.

At the age of nine years Ethel had a very vivid understanding of the great plan of salvation and when the spirit came to win her soul to Christ she readily yielded and was born into the kingdom baptized and became a member of the Zion church with her mother and other members of the family.

Her life was quiet and orderly in her childhood, when so many of us who are older grown, learned to love her.

In her own home she was the conscientious christian wife and mother that was so loved and cherished by the husband and children, and so depended upon in times of trouble or anxiety. As a real home maker should be, she was the main stay in the little family circle.

All these years she has passed thru sunshine and shadows with the same unfaltering faith in her Redeemer, and in the last hours of her short life her only anxiety was for others—not for herself.

So her days are numbered, and He who gave her to us and guarded her baby days, and led her by His spirit, and gave his only begotten Son for her redemption. He it is who ordered her coming and going, and we are convinced, that she can best serve Him in the great beyond, while our limited vision can hardly see why she was not left longer with her family.

The form passes from our view but the spirit lives, and her deeds do follow her, and may her life again be continued in the children she leaves behind.

A SOLDIERS THOUGHTS IN FRANCE.

INTERESTING POEM.

Elmer J. Henderson, now in Marseilles, France, sends the following poem to the Journal.

My heart is now in Texas,
Tho I'm far across the sea.
I'm thinking of hy home tonight;
The place I long to be.
The moon is shining bright.
The stars are shining too.
They bring sweet thoughts of that dear state
Across the sea of blue.

I love her mountains, plains and brooks.
Her prairies tinged with flowers.
The thought of these brings to my mind,
Memories of happy, peaceful hours,
As I wandered through her woods,
And all along her streams,
With school mates then on picnic days,
Keeping from the sun's hot beams.

But many other U. S. boys
Have left their home back there
To help in winning this Great War
Our Allies' burdens share,
And I, no better than the rest,
Wish to do my part,
In helping the Stars and Stripes to win.
And always keep a happy heart.

Many crossed the ocean long before us,
And still are over here
And some that crossed will not return
To homes they left and love so dear.
For now their lifeless bodies rest
Somewhere in France beneath the sod.
And when again we see their faces,
Twill be at "Judgment" before our God.

And to the lot that fell to us,
Contented and happy we should be
That we are not on the firing line
But chosen by the M. T. C.
I know this life has many faults
We cannot have our way,
If we could do just as we pleased.
You'd find us in the U. S. A.

And now the war is over
We're ready to go back,
With rifles on our shoulders,
Clothes and blankets in our packs.
And when we get back to the states,
We'll be mighty happy men.
And here is one of Uncle's boys,
Who'll never see France again.

INTERESTING HISTORY OF P. J. CAVANAUGH

Showing How a Boy Faithful to His Mother was Blessed in Business.

Away over in County Kildare, Ireland lived James Cavanaugh and Bridget Hogarthy Cavanaugh his wife. They were the parents of three husky boys, Peter, John and Patrick J. and one daughter, Ellen.

The father died and the faithful mother thought she could do better with her boys and girl in the new world so she gathered together her little all and bravely started out when Patrick was a lad of fourteen years old and the others younger. They made right for Morgan county and settled in an humble manner early in the 50's. Patrick worked first for the late Aquila Becraft for six dollars a month in winter and nine in summer. Mr. Becraft had the name of being rather hard with his help but Mr Cavanaugh says he had no trouble with him in th e nine months he worked for him.

The other boys did what they could but they were too small to earn very much. Of course in those days wants were few and ideas not large so that a small sum of money went a good way. Other employers of the boy were Dr. Edgar who used to live where now Dr. Bowe has his office; John Hughes who carried on a farm and lived on West Morgan street and was the father of the ladies who later lived on West State street.

Then he went to the country and worked for Allen Black Samuel Jumper who afterward went out with the famous 101st; Jerry Henderson, father of Taylor Henderson and Mrs. Lifer who was buried yesterday and others.

But he said every month he was called on for five dollars house rent and he concluded he would buy a home for his mother. A man not far from Sinclair had for sale eight acres with a cabin on it and this he bought for $200. He had but $150, but Mr. Jumper owed him $50 and gave him his note for the sum.

The man of whom he bough the place owed Michael Rapp $50 for harness and Mr. Rapp accepted the Jumper note so the transaction was consummated. The place was near Roberts' mill not far from Sinclair and had on it a long house and small log barn near where Joseph Lindsey now lives. There he took his mother and the children and rented some ground of Jerry Henderson, bought a team and put in a crop.

When things looked a little encouraging his mother was taken sick with rheumatism and his sister came up from St. Louis to care for her. She was ill nearly a year but had good care.

In the fall he traded his team and a cow for ten acres of land with a long house and a barn on it, the land about half cleared. This he sold to Isaac Hodgson and the eight also and received $400, and bought of Mr. Nolte north of Sinclair forty acres of timber land with no buildings. He bought 80 north of Sinclair part timber and brush with a small house on it for $850.

Then he bought [illegible] of Mr. Hockenberry [illegible] his 80, for $1,000. Then of some heirs he bought a forty and of George Brown 69 1-2 acres for $2,500. He bought of L. Armstrong 12 acres at $30 and eight acres at $60 an acre. This gave him quite a farm in one body. He bought in another place the Pherigs farm of 95 acres at $2,500. This lies near Arcadia. Of course these deals were extended over a good series of years.

His brother Peter went to the war and is now at the soldiers' home in Quincy and the other brother is in Arkansas. The sister married Mr. Fifenberg and moved to St. Louis.

About the close of the war Mr. Cavanaugh married a daughter of Mr. Pherigo and together they lived till 1906 hen she died and left no children and since that time he has lived with his tenants. He is the owner of about 400 acres of land and is quite independent and tho something life 82 years of age he is still active and when interviewed by a Journal reporter showed wonderful memory of dates and facts of long ago. He was good to his mother and received the blessing and now in his old age he can look back on a long and useful life.

Farmers are objecting to the day light saving plan. It doesn't make any difference to us as work on a morning newspaper is all done at night.

The candidates for city office who are willing to serve for nothing might still offer their services in some appointive capacity if they are defeated at the primary. For instance traffic cops are badly needed on South Main and West State streets and they could easily add many dollars to the city's revenue in a few months.

Nat Goodwin's estate has grown considerably in value in a few weeks. It was announced when an administrator made application for papers that his property was valued at $30,000. Now his fourth wife, Edna Goodrich says she has a will made in 1908 and the dispatch says the estate is valued at $300,000.

President Wilson plans to return to Europe March 5. He probably figures that after the new congress goes into session that there won't be much for him to do in Washington.

Howard Wannamaker who is a candidate for alderman in the second ward was out cleaning the crossings about the court house last Friday. Evidently "Chuck" believes giving a practical demonstration of his patriotism before election is the way to get votes.

It is said that William J. Bryan will run for president in 1920 on a platform containing thirteen points. To most people that would be an omen of bad luck. Mr. Bryan, however, probably figures that his luck from a political standpoint cannot be any worse than it has been in the past.

An English color specialist says that color aids in making one happy. Perhaps that accounts for a colored man wearing red neckties and checked clothing.

Our star reporter wrote a story the past week about chicken stealing becoming epidemic. He told of a man's chickens coming home and getting on the front porch with their feet tied. We would rather believe that this was a case of chicken stealing becoming scientific when the fowls can walk home with their legs tied.

The Days of Real Sport.

A painting labeled "Leading the Calf," sold in New York the other day for $4,200. If the thing has sentiment in it, it must be wholly a work of the imagination. Any man who has ever tried to lead a calf knows that there is nothing about the job to inspire a $4,200 picture.—Kee Maxwell in Akron times.

Maybe the painter had led the calf, and if he had done that he was entitled to $4,200—Judd Mortimer Lewis.

It was not a painting of what is called "still life," we take it.

Judging from our experience "in leading a calf we would say it might be used as an example of "fast life."

STANDARDIZATION OF HOSPITALS

Dr. and Mrs. A. L. Adams and Dr. Grace Dewey have returned from St. Louis where they met 150 eminent medical men from southern Illinois and eastern Missouri, including St. Louis who met at the request of the American College of Surgeons to discuss the standardization of hospitals.

Eminent speakers all urged the standardization of hospitals. Dr. Evans, Chicago surgeon, said no city in the United States has adequate hospital facilities, and cited the large army hospitals to prove his statement.

"Three per cent of the population of the country is sick at all times," Dr. Evans said, "and records show that better results are obtained in hospitals than at the homes. There should be thousands of more beds in all hospitals to care for the sick."

Dr. John G. Bowman of Chicago, director of the American College of Surgeons, said:

"Every man, woman and child has a right to be well, and the medical profession is ready to work and live and die for that end."

"Heretofore, hospitals have been little more than kindly disposed boarding houses where people go when they are sick because it is more convenient to take care of them there.

"Hospitals in the future will not only guarantee the best possible care of the patient, but will keep a record of the disease, its cause and development, and the patient has a right to ask what his chances are of getting back to a serviceable life. On the records taken, the doctor should be a to answer his question. W

"The new hospital will be an educational institution. It's main object to keep people from getting sick. They will consider such problems as dietetics in the home, conditions of home living, child welfare, and many other problems which will help to keep people well instead of taking care of them after they get sick.'"

Jerry Flynn of Buckhorn region visited the city yesterday.

NOTICE TO TAXPAYERS

The tax books are now in the collector's office and is a judgment against all parties mentioned therein.

Parties paying on personal tax only, should pay the same promptly and avoid trouble and expense in collecting same. The judgment reads as follows: In case any person named in said books shall neglect or refuse to pay their personal tax you shall levy the same by distress and sale of goods and chattels of such person. Parties paying on real estate should bring their old tax receipts to save time and avoid mistakes. If paying through the banks, leave your old receipts with your bank as soon as possible.

Deceased was born on the Bergen homestead near Little Indian, Ill. 74 years ago. Funeral services will be held Monday afternoon at a Fifth Avenue Presbyterian church. Burial will be at Princeton, N. J.

It has been proven repeatedly that the cause for "backward" school children is very often defective vision—the child having difficulty in seeing the blackboard, experiences embarrassment and headaches, aching eyes, etc.

Whether your boy or girl is backward or not don't you think it would be a good idea to have his or her eyes examined and KNOW the condition of the vision and whether glasses would be of any aid?

Drop in and see us about your child's eyes — it's a good policy.
